This manual has been updated and significantly expanded for the purpose of creating a comprehensive reference for the residents and faculty of the LSU Department of Otolaryngology — Head & Neck Surgery. It is hoped that in creating such a manual, the day-to-day activities of the residency may be simplified for everyone involved.

The manual is designed in part after the previous Departmental Book, and added to considerably by material generated through faculty discussion during, and subsequent to, the 1993, 1996, 1997 and 2001 departmental Graduate Medical Education retreats. Individuals who contributed to those discussions are most gratefully acknowledged:
