A Message from the Dean

A Message from the Dean

As the newly minted Dean of the LSU School of Medicine, I want to sincerely thank all of you who have contributed so generously to the School of Medicine during the past year. These are exciting times for our School as we build on our past successes and move forward in our mission of educating the next generation of physicians that will care for the citizens of our state.

Our goals here at the School of Medicine can be simply stated. We want to be the best that we can possibly be in the areas of research, student education, resident and fellow training, continuing education for practicing physicians and patient care. We want to be the Medical School of “choice” for our region. It is a goal that we have worked for since 1931. It is a goal that we will continue to strive for in 2008 and beyond.

In order to pave the way to tomorrow’s medicine we must be innovative and creative and avail ourselves of the latest technologies. The support of the alumni and friends of the School is vital to our mission. This issue of The Honor Roll and LSU Medicinews amply demonstrates your commitment to that mission and for it we are extremely grateful.

Sincerely,

Steve Nelson, MD
Dean

\$60M biotech lab, research center coming to Canal Street

Construction will begin this summer on the New Orleans BioInnovation Center, a high-tech, \$60-million state economic development project designed to be a cornerstone of the city's post-Katrina recovery. The state-of-the-art research and office center, located in the 1400 block of Canal Street, is expected to open in March 2009. The facility will include a 65,000-square-foot wet lab business incubator with offices and conference rooms and a 10,000-square-foot lab for the Louisiana Gene Therapy Research Consortium and 2,000 square feet of retail space on the ground floor.

\$98M N.O. cancer center site selected

The Louisiana State University Board of Supervisors have approved the location and design of a proposed \$98-million cancer research center. Dubbed the Louisiana Cancer Research Consortium, the state-funded, 150,000-square-foot facility will be located on a 2-acre site at the intersection of Tulane and Claiborne Avenues between LSUHSC-NO and Tulane University Health Sciences Center. It is expected to open in 2010 and create more than 300 jobs.

Matching funds for endowed chairs

LSU Health Sciences Center in New Orleans received matching funds for endowed chairs for eminent scholars and endowed professorships from the Louisiana Board of Regents. A check in the amount of \$1,080,000 in matching funds from the FY 2006-2007 Louisiana Educational Quality Support Fund was given to support 15 endowed professorships and one endowed chair. Their total value is \$2.7 million. The 60% base was raised with contributions from the LSU Medical Alumni Association, the Committee of 100, faculty, staff, family, friends, and loved ones. The following chair and professorships were awarded.

The \$1 million William H. Stewart, MD, Endowed Chair for Pediatrics, honors **William H. Stewart ('45)**, who served as Surgeon General of the United States from 1965 to 1969, and later was Chancellor of LSU Medical Center (1969-1974), Professor of Pediatrics, Secretary of the Louisiana Department of Health and Hospitals, and Head of the Department of Public Health and Preventive Medicine at LSUHSC-NO.

Louisiana Board of Regents member Donna Klein hands matching funds check to LSUHSC Chancellor **Larry Hollier ('68)**.

The \$100,000 professorships include the Alan Robson, MD, Professorship in Pediatric Nephrology; the Bollinger Family Endowed Professorship in Alzheimer's Disease; the Eduardo Marvez-Valls, MD, Professorship of Emergency Medicine; the John Ey, MD, Professorship in Hospitalist Pediatrics; the Nicolas G. Bazan, MD, Professorship in Emergency Medicine; the Percy Rosenbaum, MD, Professorship of Pediatrics; the Richard M. Paddison, MD, Memorial Professorship of Neurology; the Richard Ashman, PhD, Professorship of Physiology; and the Louis R. Cabiran, MD, Professorship of Medicine.

The late Dr. Marilyn Zimny, beloved Professor of Anatomy, Vice Chancellor for Academic Affairs, and Interim Vice President for Academic Affairs at the LSU System, created four professorships for the School of Graduate Studies through her estate. The four \$100,000 professorships include the H. Adele Spence Professorship of Graduate Studies, the Herbert C. Dessauer Professorship in Graduate Studies, the L. Allen Barker Professorship in Graduate Studies, and the Robert F. Dyer Professorship of Graduate Studies.

Two \$200,000 double professorships were matched: the G. John Buddingh, MD, Professorship in Microbiology and the Louis Levy II, MD (M'43) Professorship of Research Cardiology.

To the Alumni Office

I am humbled and greatly appreciative to be receiving the 2007-2008 Alcenith Veith Crawford, MD, Memorial Scholarship. It is such an honor to be chosen for such a meaningful award, and I look forward to returning the favor to LSU's school of medicine in the future. Thank you!

Update on the History of the School of Medicine

The long delayed history of the School of Medicine (1931 – 2006) is nearing completion. It is divided into three parts, a chronology of events, biographical sketches of faculty important to the history of the school and a section on important contributions made to medicine, politics, literature, art, and military service (among others) by our alumni.

We have gathered much information in all areas but if you have any information to share about yourself or others write or email, please. I can't promise inclusion, but I can promise careful consideration.

To the Alumni Office

I was extremely happy to learn that I had earned the Bobbie Millet Scholarship for 2007-2008 for my hard work over the past semester, and I am quite grateful that I was chosen. I would also like to thank you for all that you have done for our class and the many classes that have come before us during your thirty-plus years of service.

Sincerely...

Dear Fellow Alumni:

Since our last letter, we have a new governor and new legislature. Change is in the air, especially in the months to come. Governor Jindal states that he is committed to building the LSU VA Teaching Hospital in New Orleans.

The Isidore Cohn Jr., MD, Student Learning Center was destroyed by the hurricane. Through your generosity, the equipment was replaced and our students have enjoyed the benefits of simulation. The Student Learning Center will be rebuilt soon on the sixth floor of 2020 Gravier Street.

We are going through a transformational change in medical education from strictly knowledge-based to competency-based education and evaluation. The Cohn Learning Center made it possible to go from reliance on multiple-choice tests to competence-based education and evaluation with the patient simulator.

This year's project is the Center for Advanced Practice, i.e., CAP. The Center for Advanced Practice is located on the 5th floor, one floor below the Cohn Learning Center and comprises 20,000 square feet. It presently is 98% complete. It will also house the new Dean's Office and our own Alumni Office. The target audience will be residents and physicians in practice and the focus is the use of all educational modalities incorporating evolving technology into medical practice in all specialties.

Doctors who must employ these advances in real patients can't afford to be less than completely familiar with the technology. But how will we learn this and who will assure that the physicians have the chance to learn these new techniques in an unbiased and (almost certainly to become) accredited setting?

This is the real advantage of the Center for Advanced Practice. We are poised like no other site in the United States, and perhaps the world, to teach use of emerging technologies into actual practice. A major device manufacturer, who has just completed a learning center in the corporate headquarters, stated that our new center of advanced learning makes their new center practically obsolete.

Once again, it was Medical Alumni who answered the call, secured the financing to start and to finish the project. It was your Alumni Board and supporters who sponsored the Second Gala, an evening that was enjoyed by all and raised greater than \$180,000 for CAP.

June 13 & 14, 2008 – Alumni Weekend – our Chancellor, **Larry Hollier ('68)** has authorized the dedication of the Center for Advanced Practice. The center will be directed by **Charles Hilton ('76)** with the intent and purposes for which it was built.

As history has recorded in the 1940s and 1950s, New Orleans was one of the most prominent graduate medical education training sites in the United States. We had something no one else had – Charity Hospital. Due to the generosity and foresight of the LSU Medical Alumni Association, we now stand at the threshold of reclaiming that position with the continuing evolution of our competency based, technology driven center for medical education. The Center for Advanced Practice is a crucial part of this evolution as we can and will embrace the entire continuum of learners and techniques.

Your support and financial generosity has made all of the above possible.

Thank you.

Sincerely,

Lee J. Monlezun ('69)
President
LSU Medical Alumni Association

Purple Blues and Gold

2007 Gala Grand Success

It was listening to the warm up provided by Alex Pena's musical group. It was dancing to the music of Irma Thomas and her band. It was silent auction. It was live auction. It was food and drink and fellowship of 800 faculty, alumni and friends of LSU School of Medicine. It was the result of hundreds of hours of staff and volunteer efforts.

It was "Purple Blues and Gold" the Alumni Association's Second Annual Fall Gala. All event proceeds, \$180,000 were earmarked for the Center for Advanced Practice, but more than that it was another opportunity for the large and extended family of the School of Medicine to have a good time.

Perhaps a letter from the "Faculty Assembly" said it best: "In our discussion of the event at our most recent meeting, the Faculty Assembly delegates praised the event as a wonderful evening and opportunity to contribute to an important cause. Occasions such as this are also of tremendous value in the post Katrina era where faculty and staff are incredibly busy and dispersed to numerous locations. This event brought our faculty and many students together for fun, food, and terrific music."

Your Alumni Association is already planning to stage its Third Annual Gala on October 18, 2008.

Irma Thomas and her band add to the festive mood.

Appointments

Recent Appointments:

*Dr. Christopher Baker
Chair, Department of
Surgery*

*Dr. John England
Chair, Department of
Neurology*

*Dr. Augusto Ochoa
Director, the Stanley S. Scott
Cancer Center*

*Dr. Frank Opelka
Vice Chancellor
for Clinical Affairs*

*Dr. Bazan receives grant
from the EENT Foundation.*

*Dr. Helm is recipient of the
GSA-MAS Service Award.*

*Dr. Fontham named
president-elect of the
American Cancer Society*

Dr. Christopher “Chip” Baker, a Harvard Medical School graduate, has become chairman of the department of surgery at LSUHSC. He had been serving as a professor of surgery at his alma mater, and directed the residency program in that specialty there, but when he was offered the LSUHSC surgery chairmanship this year, he was eager to move to New Orleans even though it meant leaving the resource-rich Harvard environment for a medical sector struggling to recover from a historic flood. “My wife and I got excited about getting involved in the process of rebuilding,” Baker said. He succeeds the retired J. Patrick O’Leary, MD.

Dr. John England has returned to New Orleans as chairman of neurology at Louisiana State University Health Sciences Center. He was a member of LSUHSC’s medical faculty from 1992 to 2001, when he moved to Montana to become chairman of neurology and medical director of neurosciences at the Deaconess Billings Clinic. He earned his medical degree at West Virginia University and is a member of two scholastic honor societies, Phi Beta Kappa and Alpha Omega Alpha.

Dr. Augusto Ochoa has accepted the position as Director of the Stanley S. Scott Cancer Center. With this appointment, Dr. Ochoa will be responsible for the research, teaching and administration of the Cancer Center and for shepherding the clinical and translational research opportunities that arise in conjunction with the Section of Hematology/Oncology in the Departments of Medicine and Pediatrics, as well as other departments. Dr. Ochoa has served as Interim Director of the Cancer Center since 2006.

Dr. Frank Opelka was appointed Vice Chancellor for Clinical Affairs in December 2007. His previous position was Professor of Surgery and Associate Dean for Clinical Affairs in the School of Medicine. Dr. Opelka will help integrate clinical activities, both public and private, with the statewide Electronic Health

Dr. Helm honored

Dr. Helm

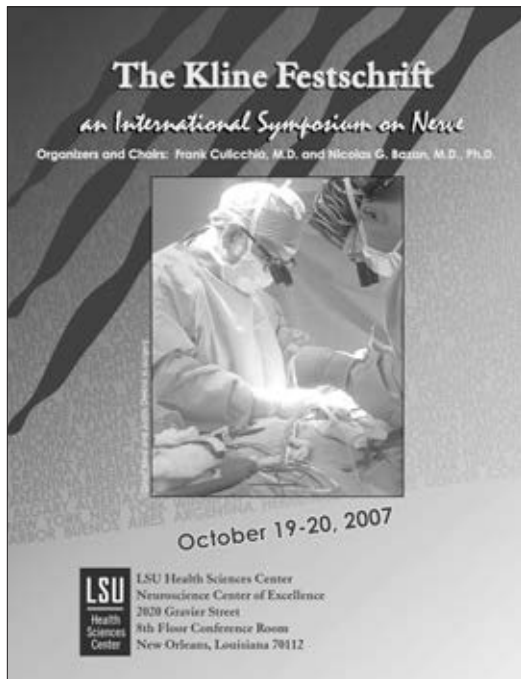

Edward Helm, MD, Associate Dean for Community and Minority Health Education at LSUHSC New Orleans’ School of Medicine, is this year’s recipient of the Association of American Medical College’s Group on Student Affairs-Minority Affairs Section (GSA-MAS) Service Award. The award, which is presented at the AAMC annual meeting in Washington, DC, is the most prestigious honor made to an individual who has provided substantial contributions to the Minority Affairs Section and its educational mission. The Minority Affairs Section first presented the award in 1975.

Records initiative, national quality assurance efforts, and physician performance measurement and standards.

Grant

Nicolas Bazan, MD, PhD, Boyd Professor, Ernest C. and Yvette C. Villere Professor at LSUHSC, New Orleans, and Director of the LSUHSC Neuroscience Center of Excellence, has been awarded \$850,000 by the EENT Foundation to purchase two Mass Spectrometers and related equipment for use in scientific research and development at the Neuroscience Center, particularly Dr. Bazan’s work in retinal degeneration. Dr. Bazan’s research has led to significant advances in the understanding of retinitis pigmentosa and age-related macular degeneration. Among his most recent findings is that a substance discovered in his laboratories, neuroprotectin D1, protects against damage to retinal pigment epithelial cells. Over the past several decades, Dr. Bazan has attracted more than \$100 million in grants from the National Institute of Health.

Elizabeth “Terry” Fontham, MPH, DrPH, professor and dean of the School of Public Health, LSUHSC, has been named president-elect of the American Cancer Society. Dr. Fontham has been volunteering for the Society for more than 25 years.

The Kline Festschrift

The Kline Festschrift, an International Symposium on Nerve, honoring Dr. David G. Kline, was held October 19-20, 2007, at the Neuroscience Center for Excellence. Organizers and Chairs for this event were Frank Culicchia, MD, Professor and Chairman of the Department of Neurosurgery at LSUHSC, and Nicolas G. Bazan, MD, PhD, Director of the Neuroscience Center of Excellence. The event was well attended, with more than 100 participants from around the world.

Dr. David Kline savors a delicious moment at the

Dr. Kline, Boyd Professor, headed the Department of Neurology from 1972 to 2006. Because of his expertise in his specialty, his worldwide reputation and his teaching and mentoring skills, LSUHSC is recognized as a world leader in neurosurgical research, training and patient care, especially in the area of peripheral nerves, Dr. Kline's major interest. In 2005, an endowed chair in neurosurgery was established in his name.

Nobel-winner Edmond Fischer visits Neuroscience Center

In November 2007, Dr. Edmond Fischer, recipient of the Nobel Prize in Physiology or Medicine, 1992, presented the Chancellor's Award Lecture in Neuroscience. The title of the lecture was "The Origin of Cellular Regulation by Protein Phosphorylation." Pictured in the photograph, right, are (*left to right*): Nicolas G. Bazan, MD, PhD, Director Neuroscience Center of Excellence; Joseph Moerschbaecher, PhD, Dean of Graduate Studies, Vice Chancellor of Academic Affairs; and Edmond Fischer, PhD, Nobel Laureate, Physiology or Medicine 1992 and Professor Emeritus of Biochemistry, University of Washington, receiving a plaque as Chancellor Award Lecturer.

From the Alumni Office. . .

They Voted With Their Backsides

By the time you read this, activities in the new Center for Advanced Practice will be occurring regularly. And if the emails from Facility Planning in Baton Rouge can be believed the resurrection of the Isidore Cohn Jr., MD, Student Learning Center will have started. Facility Planning has the final sign off on the plans and they tell me they have signed off and given the contractor the go-ahead.

Great news! Two and one half years post-Katrina we are looking at being made whole by the feds, who designed and built the levees that failed during the hurricane and thus became responsible for the remediation of the flooded Cohn Learning Center.

The Alumni Association, not bound by federal regulation and facing fewer requirements from the state, was able to move forward on its long-cherished dream of a Center for Advanced Practice, a training ground for residents, fellows, and practicing physicians to compliment our student education.

Construction began in the spring of 2007, moved along well, and in my meetings with architects and builders I was pleased with the project. The “punch list” was recently drawn up to correct any perceived defects with a view toward “beneficial occupancy,” the day when we could begin to actually use the facility.

Students, faculty and staff regularly wandered through as construction wound down, always asking when it could be used. “Soon” was always my answer. That is until one recent day when I was asked to look at a minor issue on the site. Walking into the supposedly unoccupied Center, I heard voices and then saw that one of the labs was occupied by “Katrina,” a pregnant mannequin fully exposed, if you catch my drift. The voices were coming from the nearby large conference room.

Opening the door, I found every seat occupied by students and residents of the Ob/Gyn Department. I stared open mouthed at the instructor. “We needed a place,” he said. That was as clear a vote for “beneficial occupancy” as one could require.

“Good” I said, closing the door. That’s why we built it. Or to be more exact, that’s why you built it. Thanks.

Sincerely,

Russell C. Klein ('59)
Associate Dean
