3) Certification Statement

- **Business Managers’ Responsibilities for Resident and Medical Student Education**
  - Assist program director/coordinator in ensuring that ACGME requirements are met or exceeded.
  - Assist in recruitment of residents and fellows
  - Assist in coordination of medical students rotating through program
  - Resident Services
    - Set up accounts for resident rotations by facility
    - Review and comply with all contract requirements
    - Review and certify Resident Tracking activity
    - Ensure compliance with individual hospital procedures
    - Review invoices for accuracy
    - Ensure that all expenditures are appropriately charged to the correct accounts
  - Ensure compliance with the Resident/Fellow management process
    - Program directors will develop monthly schedules by the 15th of the previous month for the current month
    - Program directors and/or resident coordinators will be responsible to provide a monthly copy of this schedule before the beginning of the month’s rotation to each facility
    - **Certification Reports will be required twice a month. The first Certification Report will not include the Signature page that is required for the end of the month Certification. It will require the Program Coordinator’s signature.**
    - The residency coordinators will be responsible to accurately input all rotations (including all time taken) into Resident Tracking by the end of the current month (for example August schedules must be entered by July 31). Coordinators will print the schedule entered for the month, review the entries, make any required corrections, sign the report and return the report

Revised September 2011
to the GME Office by the requested deadline. If the report cannot be hand delivered, it must be scanned and emailed and documented in the subject line that it is the certification report, or faxed to the GME Coordinator by the requested deadline. This process must be completed in a short period of time due to the lock out and payroll schedules. A Calendar has been provided with the deadlines under a previous email.

- **END Of The Month Certification Report** - Coordinators will continue to print this report by the date it is available (must be after Payroll processes the last payroll for the month), review the data, make corrections, and get the required signatures. **In addition to the required signatures, all House Officers must initial next to their name on the report or confirm by Email or Outlook Voting option, that the Hospital rotation information, and any corrections made by the Coordinator are correct.** The report with Email or Outlook voting responses is then submitted to the GME Coordinator by the requested deadline. Remember, if there are Account number changes made to this report a PER 3 must be attached to the report when submitted to the GME Coordinator. A Calendar is provided with these dates under a previous email.

- Coordinators are locked out only for a pay period at a time. Therefore, Coordinators can make changes only for the dates included in the next payroll, usually the 16th – 30th or 31st of the month, before the lockout date for that payroll.

- Program director and/or resident coordinator will be responsible to ensure that all residents/fellows have followed the individual facility monthly sign in process

- Program director and/or resident coordinators and/or business managers will be responsible for verification of residents/fellows signing in monthly at the beginning of their individual rotations at each individual facility

- Program director and/or resident coordinator will be responsible to provide a corrected copy of the month end rotation schedule to the facility

- Business manager is responsible to review all data for accuracy and that all data is accurately displayed in Resident Tracking with the appropriate legacy account number within 7 working days from the last payroll

- Program director, residency coordinator, and business manager are required to sign a month end certification letter verifying this process and this letter must be attached to the month end final Resident Tracking rotation report

- Business manager, program director, and residency coordinator are responsible to ensure that the all residents are signed in timely, all LSU and Facility resident verification forms are certified timely, and all data on the final rotation schedule, sign in sheets,
verification forms, certification forms, Resident Tracking, and invoices are completely accurate and are identical

- Any discrepancies with any of the data discusses on any form or software system will be the responsibility of the department to resolve with the facility to ensure proper compensation
- MBB provides partial funding to support program directors, residency coordinators, and business managers to provide the above services. The Chairs, Dean, and Chancellor agree that these functions are critical to GME and continued MBB financial support of these functions will be based on the individual departments’ performance of the above services in support of the residency/fellow programs.
