

Application procedure

Applications are available based on the student's academic level:

- High school students who have completed at least their sophomore year
 - College undergraduate students
 - Louisiana State University First-year Medical students
 - Tulane First-year Medical students
-

Application Checklist

Your completed application packet must include ALL of the following:

- A completed application form
- A cover letter describing your research interests and career goals
- A curriculum vitae or resume describing schools attended, research/work experience and other relevant accomplishments

The application deadline is March 1st. Only electronic submissions will be eligible for review.

Selection

Once your complete application packet is submitted, it will be reviewed by Summer Internship Research Committee. The committee will make the selections and candidates will be informed of their status by April 15th. Once accepted into the program and matched with mentors, the candidates will be contacted by their mentor during the months of April and May to arrange a meeting with Mentor, Staff and Intern.
