

What to expect as a Summer Intern

- Conduct your own small research project or work on part of an ongoing research project
- Develop your technical skills
- Participate in an orientation and a seminar series that will introduce you to rapidly progressing medical and basic research areas at both LSU and Tulane.

Work expectations

As a summer intern you are required to:

- Be available during all dates of program (**June 1-July 31, 2012**) and report to work on time as designated by mentor to work on assigned research project.
- Attend the MANDATORY weekly seminar series presentations
- Present an oral presentation at Medical Symposium OR present a poster at the Poster Session at the end of the internship
