Biographical Sketch:

My clinical role is as a pediatric intensivist at Children's hospital. I enjoy finding new ways to optimize bedside teaching. I also serve as the pediatric clerkship director for third year medical students. I help design and oversee the medical student curriculum, faculty and resident development for medical student education, as well as working as a preceptor for smaller groups of medical students.

Educational Domains Represented in Academy Portfolio

- Teaching
- Curriculum Development, Instructional Design, and/or Assessment of Student Learning
- Advising and Mentoring
