Biographical Sketch:

I am an Assistant Professor of Psychiatry. I am Board certified in General Psychiatry, Child and Adolescent Psychiatry, and Forensic Psychiatry. I teach the medical students the Child Psychiatry component of the basic sciences lectures. I teach Cognitive Behavioral Therapy to general resident and child psychiatry residents. Family practice residents from Kenner rotate through my practice, along with the Child Psychiatry Residents. I am the Psychiatry Student Interest Group advisor.

I have a special interest in utilizing technologies to teach. I use audiovisual materials in my lectures and am trying to get this published. I have just started 3 different blogs and will see what these tools become.

Educational Domains Represented in Academy Portfolio

- Teaching
- Educational Research

Teaching/Education Expertise
