Biographical Sketch:

I am on faculty as an instructor in the Department of Physical Therapy within the School of Allied Health Professions here at the LSUHSC in New Orleans. During my time here I have been coordinator of over twenty different courses and taught in many others. For the past four years I have been chair of the Curriculum Committee of my department during which time we have implemented a whole new curriculum and transitioned from a Masters to a Doctoral program. I am presently working on my dissertation for a PhD in the department Curriculum and Instruction within UNO's School of Education. My research interest is in the utilization, implementation, and perceived effectiveness of case-based learning. I served as chair of the original school level advisory committee of the Academy for the SAHP and served on the original executive council when the Academy was first started. Presently I am the co-chair of the Executive Council of the Academy for the LSUHSC. I have two children, Jackson who will soon be turning four and Abby who is 1½.
