

LSUHSC-NO Academy for the Advancement of Educational Scholarship
Member Profile

William J. Swartz, Ph.D.
Academy Teaching Scholar
Professor
Department of Cell Biology and Anatomy
School of Medicine
Email: wswart@lsuhsc.edu
Telephone: 504-568-4022
Fax: 504-568-4392

Biographical Sketch:

I have been the director of the Medical Gross Anatomy course for the past twenty-six years. Each year I seek to integrate some new educational enhancements into this course. Thirteen years ago I developed a senior elective in Surgical Anatomy which this year had its highest enrollment of students and highest participation of clinical faculty. I am also involved in teaching anatomy to ENT residents. I enjoy mentoring new faculty and assisting them in any way that I can. I am the Co-organizer and Co-director of an innovative graduate program in the Department of Cell Biology & Anatomy. This Graduate Program in Clinical Anatomy trains students to become both effective teachers and researchers. I am a member of the Executive Committee of the LSUHSC-NO Academy for the Advancement of Educational Scholarship and the Curriculum Oversight Committee.

Educational Domains Represented in Academy Portfolio

- Teaching
- Curriculum Development, Instructional Design, and/or Assessment of Student Learning
- Advising and Mentoring
- Educational Leadership and Service

Teaching/Education Expertise

- Lecture-based teaching to medical students and residents
- Lab-based (small group) teaching to medical students and residents
- Mentoring younger faculty
- Course development
