

MIP faculty, staff and students prepared and served lunch for 280 homeless residents at the Rebuild Center

MIP faculty, staff and students provided lunch for 280 homeless residents at the Rebuild Center at St. Joseph Church on August 30th. The Rebuild Center is a place where the homeless and those in need are treated with respect and dignity as they get the services they require. Volunteers at St Joseph provide lunch daily - they rely on groups to volunteer their time, effort and resources to help with this.
