

**List of Awardees for the 21st Annual Neuroscience Center Retreat
March 21, 2009**

Abstract #

10. **Srisairam Achuthan** *et al.* – Phase Resetting Curves Predict Network Activity in Networks of Neural Oscillators
13. **Virginia Medinilla** *et al.* – Synaptic and Intrinsic Dendritic Features of Entorhinal Layer V Neurons
16. **Huijing Xia** *et al.* – Over-expression of ACE2 in the Brain Reduces Blood Pressure by Restoring Baroreflex and Autonomic Functions in Chronically Hypertensive Mice
20. **Na Li** *et al.* – Pigment Epithelium Derived Factor (PEDF) Increases after Corneal Epithelial Injury and Stimulates the Expression of 15-LOX1
27. **Benjamin Siddoway** *et al.* – Role of Protein Phosphatase 1 Inhibitor-2 in Homeostatic Plasticity
39. **David Stark** *et al.* – NMDA Activates Polyunsaturated Fatty Acid Release in Dissociated Primary Hippocampal Cell Cultures
40. **Tiffany Niemoller** *et al.* –PK Study of NPD1-d2 Administration to Determine Bioactivity of NPD1 when used as a Therapeutic Intervention after Experimental Stroke
52. **Jorgelina Calandria** *et al.* – Neuroprotectin D1 Enhances Expression of Gene Related to Stress Response Survival
66. **Tabitha Quebedeaux** *et al.* – Neuroprotectin D1 (NPD1) Induces Hippocampal Neuroprotection in Experimental Epilepsy
72. **Hongbo He** *et al.* – VGLUT1: A Transporter that Regulates Vesicle Release Probability?
