

SUMMER STUDENTS GENERAL SCHEDULE

**Every Monday: Neuroscience Center Seminar/ Journal Club
Weekly Meeting @ Noon, Lions Building, 7th Floor – Room 734
and All Lectures will be held Lions Building, Rosenthal Library - Room 309**

Tuesday - June 1, 2010

Welcome meeting @ 10:00 AM / Lab assignments
Tour of the NCE/ **Dr. William Gordon** @ 10:30 AM
Tour of the School of Medicine Learning Center @ 1:45 PM

Wednesday - June 2, 2010

Bloodborne/Biosafety training
Medical Education Building (MEB) Room 3210 @ 10:00 to 11:30 AM

Thursday - June 3, 2010

Dr. Leslie Birke (LSUHSC Veterinarian)
Animal Care Training
Clinical Sciences Research Building (CSRB) Room 203 @ 1:30 PM

Wednesday - June 9, 2010

Welcome Meeting and Presentation - Dr. Nicolas Bazan, MD, PhD
“The Excitement of Neuroscience” @ 10:00 AM
Presentation
“The Reality of Medicine and Science: A Perspective from a Pre-Med Student”
(Natalie A. Halapin, M.S. Neuroscience/Research Associate) @ 11:00 AM

Thursday - June 10, 2010

Dr. Samuel McClugage, PhD
(Associate Dean for Admissions)
“Medical School Education”
Medical Education Building (MEB), 6th Floor, Room 6155 @ 11:30 AM

Tuesday - June 15, 2010

Dr. J. Moerschbaecher III, PhD
(Dean, School of Graduate Studies, Vice Chancellor for Academic Affairs)
“How to choose a Graduate School Program in Biomedical Research” @ 4:00 PM

Wednesday – June 16, 2010

Dr. Steve Nelson, MD
(Dean, LSUHSC School of Medicine)
“Alcohol and HIV Infection”
Lions Building, 7th Floor, Room 734 @ 4:00 PM

Thursday - June 17, 2010

Dr. Kathleen Mc Donough, PhD
(Associate Dean School of Graduate Studies)
“School of Graduate Studies and MD/PhD Program” @ 10:00 AM
Presentation
“The Neuroscience Center of Excellence Through the Eyes of an MD/PhD Student”
(Monica Ertel, MD, PhD Student in Neuroscience) @ 11:00 AM

**SUN Program
Tuesdays and Thursdays
Noon Lectures
Lions Building, 7th Floor – Room 734**

Tuesday – June 22, 2010

Dr. Ludmila Belayev, MD

Associate Professor-Research, Neurosurgery and Neuroscience

“Experimental Models of Stroke”

Thursday – June 24, 2010

Dr. Haydee E.P. Bazan, PhD

Professor, Ophthalmology, Biochemistry, Molecular Biology and Neuroscience

“Nerves of the Cornea: Significance in Function and Diseases”

Tuesday - June 29, 2010

Dr. Laura Harrison, PhD

Assistant Professor-Research, Pharmacology and Neuroscience

“Dopamine Neurotransmission and its Disorders: From Addiction to Schizophrenia”

Thursday - July 1, 2010

Dr. Hamilton Farris, PhD

Assistant Professor-Research, Neuroscience and Otorhinolaryngology

“The Neuroscience of Auditory Processing: a SUN Project on Frogs that are Hearing Specialists”

Tuesday - July 6, 2010

Dr. Chunlai Wu

Assistant Professor, Cell Biology and Anatomy, and Neuroscience

“Using Fruit Flies to Study Neurodevelopment and Neurodegeneration”

Thursday - July 8, 2010

Dr. XiaoChing Li, PhD

Assistant Professor, Cell Biology and Anatomy, and Neuroscience

“Using Songbirds as a Model System to Study Neurodevelopment and Vocal Learning”

Tuesday - July 13, 2010

Dr. Youming Lu, MD, PhD

Professor of Neurology and Neuroscience

“Synaptic Transmission and Degeneration in Brain Disorders”

Thursday - July 15, 2010

Dr. Royal Saunders, PhD

*Assistant Professor of Biology, Xavier University,
Scientist in Residency at the Neuroscience Center*

“Cell Culture in Neuroscience Research”

Tuesday - July 20, 2010

Dr. Christian Sheline, PhD

Associate Professor, Ophthalmology and Neuroscience

"The Normal Roles of Zinc versus Disease or Injury Roles of Zinc"

Thursday - July 22, 2010

Dr. Alberto E. Musto, MD, PhD

Assistant Professor-Research, Neurosurgery and Neuroscience

"What Seizures tell us about the Brain?"

Tuesday - July 27, 2010

Dr. Houhui Xia, PhD

Associate Professor, Cell Biology and Anatomy, and Neuroscience

"Reversible Phosphorylation in Learning and Memory"

Thursday - July 29, 2010

Dr. Chu Chen, PhD

Associate Professor, Otorhinolaryngology and Neuroscience

Cannabinoid is a Friend or Foe?

Tuesday – Thursday – August 3-5, 2010

SUN Program Participant Presentations @ 9:00 AM – 3:30 PM

9 Presentations per day

Lunch will be provided

Friday - August 6, 2010

SUN Program Ends
