Molecular Neurobiology is an exciting review journal for neuroscientists needing to stay in close touch with progress at the forefront of molecular brain research today.

Many of the most important recent advances in experimental and clinical neuroscience have been occurring at the molecular level, but until now there has been no journal devoted to looking closely at this still, quite fragmented literature in a critical, coherent fashion. Each topic chosen for review is thoroughly analyzed by scientists and clinicians internationally renowned for their special competence in the areas treated.

Molecular Neurobiology—a first in the field—is an especially important periodical specifically designed to synthesize and critically assess research trends for all neuroscientists hoping to stay active at the cutting edge of this dramatically developing area.

Molecular Neurobiology is essential reading for every committed neuroscientist hoping to keep abreast of all the rapid developments in this forefront field.

Vol. 26, Nos. 2–3, October–December 2002

Molecular Neurobiology is available for abstracting or indexing regularly in Chemical Abstracts, Biological Abstracts, Current Contents, Science Citation Index, Reference Update, Excerpta Medica, Index Medicus, BIOSIS, and appropriate related compendia.

∞ Printed on acid-free paper.

Subscription Information: Molecular Neurobiology (ISSN 0893-7648) is published six times per year in two volumes. Subscription price for Volumes 25 and 26 (2002) is Print Only/Electronic Only: $520.00 + postage (US $20/INTL $30); Print & Electronic Pkg: $570 (includes postage). Professional Courtesy Rates: (Print Only/Electronic Only) $170 + postage (US $20/INTL $30); (Print & Electronic Pkg) $215.

POSTMASTER: Send address changes to Molecular Neurobiology, The Humana Press Inc., 999 Riverview Dr., Suite 208, Totowa, NJ 07512. All correspondence, subscription orders, and notices of change of address (both old and new addresses must be provided) should be sent at least 8 weeks in advance of the date of effect to Humana Press.

Photocopy Authorization Policy: Authorization to photocopy items for internal or personal use, or the internal or personal use of specific clients is granted by Humana Press, provided that the base fee of US $20.00 per copy is paid directly to the Copyright Clearance Center, 222 Rosewood Dr., Danvers MA 01923. For those organizations that have been granted a photocopy license from the CCC, a separate system of payment has been arranged and is acceptable to the Humana Press. The fee code for users of the Transactional Reporting Service is: 0893-7648/02 $20.00.
