Medical Student Advocacy Training

The [Adolescent Medicine team](#) held a Medical Student Advocacy Training on February 1-2. This training was held in partnership with [Lift Louisiana](#) and [Louisiana Public Health Institute](#), with the goal of giving medical students the foundational knowledge and tools to become effective physician advocates for reproductive health. This training was a great success with approximately 40 medical students from New Orleans and Shreveport participating. In conjunction with the training on Friday, January 31st, the team also hosted an event called Power of the Provider: Teaching Beyond the Classroom at ACE Hotel. This event was intended to give physicians, medical students and community partners the opportunity to network and hear first hand about the advocacy experiences of medical students this past legislative session.

Gender Diverse Patient and Families Social Event

In partnership with CHNOLA, the [Adolescent Medicine team](#) held a social event for gender diverse youth and families on Friday, January 24th. The goal of this event was to bring youth and families together in a supportive environment where they can network, learn about community resources available to them and have fun!

The American Association for Cancer Research-Minorities in Cancer Research (MICR) Council awarded **Dr. Jovanny Zabaleta** with the 2020 AACR Minority and Minority-Serving Institution Faculty Scholar in Cancer Research Award! Dr. Zabaleta will participate in the AACR annual meeting in San Diego in April. The award will provide him travel money and free registration to this conference. Congratulations, Dr. Zabaleta!

FACULTY DEVELOPMENT

New video monthly

February Video: *RIME - Reporter, Interpreter, Manager, and Educator*

RIME - Reporter, Interpreter, Manager, and Educator are skills we expect our learners to master throughout training. This 11 minute video reminds us of how these categories can be useful in giving meaningful feedback and in writing

evaluation comments. Take a few minutes this carnival season to review and strengthen your educational skills.
