**LSU Department of Pediatrics Faculty Meeting: 2019 in Review
and State of the Department of Pediatrics**

Friday, March 20 at noon in CHNOLA Conference Center

2021-2022 Pediatric Chief Residents

Pediatrics Residency Program Director Dr. Chelsey Sandlin congratulates the program's 2021-2022 Chief Residents, Dr. James Connick and Dr.

Sarah Short (pictured above).

James is a graduate of the Louisiana State University Health Sciences Center in New Orleans, and Sarah is a graduate of the Michigan State University College of Osteopathic Medicine in East Lansing. Both James and Sarah have demonstrated strong clinical abilities, leadership skills, and a commitment to the success of our residency program. The chief residents are an integral part of our residency leadership team - responsible for program administration, resident education, recruitment efforts, and much more. We are excited to have both Dr. Connick and Dr. Short accept this role and look forward to working with them more in the future!

Dr. Alexis Morvant invites all LSU faculty and staff to join the Center to Advance Palliative Care (CAPC). Please review information on how to join [here](#). It is free to anyone with an LCMC email address!

Congratulations to Endocrinology Fellow Jaya Bhat, MD who gave an oral presentation at the 2020 Southern Regional Meeting a few weeks ago. Her talk was titled *Preterm Twin with Transient Neonatal Diabetes Due to a Very Rare ABCC8 Mutation, Challenges in Diagnosis and Management*.

Resident and Fellow Appreciation Week

The CHNOLA Office of Medical Education and the Gold Humanism Honor Society have been hard at work to plan Resident and Fellow Appreciation Week. The team will be hosting events at the hospital this week (see schedule below).

We are grateful for all the hard work residents do to support patients and the hospital as a whole. A week of events can't come close to fully articulating how much we appreciate them, but we hope meals and time to relax will make them feel special. Thank you to CH OME for hosting the event!

Resident and fellow Appreciation Week

Presented by the
Office of Medical
Education and the
Gold Humanism
Honor Society

March 2-6, 2020

Our residents and fellows are **incredible** – let us celebrate **you!**

Monday

All Hail Queen Amy Creel!

LCMC CEO Greg Feirn presented 2020 Queen of Tucks Amy Creel at a celebration in the Lauricella Pavillion a few weeks ago. Queen Amy led a second line through the lobby and was crowned by a patient of Children's Hospital. She presented a \$20,000 check to Children's Hospital on behalf of her krewe.

LSU Pediatric t-shirts have arrived! Please stop by Kelly Allerton's office in the LSU Pediatrics Administrative Suite on the State Street campus to pick up your shirt.

FACULTY DEVELOPMENT

New video monthly

March Video: *Bedside Teaching*

This spring we can all focus on making our bedside rounds more educational for our learners. This short video (2 minute, 4 seconds) highlights ways we can make bedside rounds more effective for teaching. Improve your teaching

toolbox in less time than a commercial break.

Grand Rounds

“Cystic Fibrosis: Entering the Era of Highly Effective Modulator Therapy.”

By:

Adrienne P. Savant, MD

Cystic Fibrosis Center Director, Chief of Pediatric Pulmonology
Vice Chair of Education, Department of Pediatrics
Tulane University School of Medicine
Pediatric Pulmonary Service Line Chief
Children’s Hospital New Orleans

Wednesday, March 4, 2020

Children’s Hospital State Street Conference Center

Coffee and breakfast items will be served.

OBJECTIVES: At the conclusion of this activity, participants should be able to:

1. Describe the link between the basic cellular defect leading to cystic fibrosis and the role of the highly effective modulator therapy.
2. Realize the importance of relationships between various key clinical outcomes in cystic fibrosis.
3. Review the multi-system clinical effects of highly effective modulator therapy.

INTENDED AUDIENCE: This activity is specifically directed towards the pediatrician, but it is open to all other interested physicians, residents, medical students and allied health professionals.

Place: Children's Hospital State Street Conference Center

Time: 8:00 AM

CME Statement: Children's Hospital is accredited by the Louisiana State Medical Society to provide continuing medical education for physicians.

Children's Hospital designates this live activity for a maximum of 1.0AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ADA STATEMENT:

In compliance with the Americans with Disabilities Act, if special accommodations are needed, please notify Catherine Mooney at 504-896-9264 no later than Tuesday, March 3, 2020.

Please join Pediatric Grand Rounds from your computer, tablet or smartphone:

<https://global.gotomeeting.com/join/955291933>

This is a live activity, so the link is only valid from 8-9am; the presentation will not be recorded for CME Credit.

Department Wellness

A new Thursday morning bootcamp class added

Bootcamp Class: Children's is offering FREE bootcamp classes on Tuesday and Thursday evenings from 5:30-6:30pm **and Thursdays 7:30-8:30am** outside the Conference Center. Class is open to all Children's employees and members of the medical staff. This one-hour interval training bootcamp is for all skill levels. No experience is necessary. You will gain confidence in your abilities and increase your capacities for stamina, strength, flexibility, and balance. Please bring a water bottle with you to class.

The School of Medicine Wellness Committee ("The Wellness Krewe") is planning quarterly wellness initiatives similar to the sleep, burnout, and mindfulness workshops held last year. The committee would like ideas from the entire medical school community about the kinds of programs you would like to have on campus. The survey will only take a minute to answer, and we appreciate your input. You can access the survey by clicking on the Survey Monkey link below. Thank you in advance for your participation.
