## **Tiger Care Clinic Is Celebrating National Nutrition Month!**

National Nutrition Month is an annual campaign created by the Academy of Nutrition and Dietetics. During the month of March, everyone is invited to learn about making informed food choices and developing healthful eating and physical activity habits. <https://www.eatright.org/food/resources/national-nutrition-month>

### **Top Box Foods**

Tiger Care Clinic provided packages of fresh fruits and vegetables to 10 families on March 1st from Top Box Foods.

Top Box Foods is a community-based non-profit with a simple purpose: to make healthy food affordable and accessible to all.

New Orleans families can also use Food Stamps or EBT to purchase various produce boxes and receive 50% off each time. Food is delivered to your doorstep. <https://www.topboxfoods.com/new-orleans/shop-boxes>

*Top Box Foods Louisiana collaborates with community partners and uses an innovative supply chain distribution model to make healthy food affordable and accessible for all.*

### MAKIN' GROCERIES PROGRAM

The Makin' Groceries Program is a grocery home delivery service offering boxes filled with fresh fruits and vegetables, and high-quality meats and seafood at up to 40% off retail. Customers are able to use SNAP benefits on all boxes.

### COMMUNITY FOOD SHARE PROGRAM

The Community Food Share Program was created in response to a number of partners' requests for our assistance with their free food distribution efforts throughout the pandemic. Through this program, we accommodate any number of grocery boxes for delivery to a designated location for in-person pickups, such as drive-thru distributions.

### HEALTHY CORNER STORE COLLABORATIVE

The Healthy Corner Store Collaborative aims to get fresh fruits and vegetables into neighborhood corner stores located in low food access areas. We distribute fresh produce to these stores every week so that community members have healthy food options within walking distance of their homes.

### GIVE-A-BOX

Top Box Foods Louisiana is partnered with over 150 community leaders that work with individuals and families that are unable to afford groceries or get to a supermarket. Donations to this program go directly to delivering grocery boxes to their constituents and others experiencing food insecurity.

## Eatable Alphabet

Tiger Care is also the recipient of an AAP Section on Obesity Grant, receiving 60 boxes of Eatable Alphabet Cards (valued at over \$1000) to distribute to patients and families. Eatable Alphabet Cards were developed by ChopChop Family in partnership with the American Academy of Pediatrics Institute for Healthy Childhood Weight and with funding from the CDC.

Eatable Alphabet Cards engage kids and caregivers in activities that promote early nutrition awareness, introduce language and food literacy, use food to stimulate all five senses, and teach valuable life skills.

MARCH 10

## NATIONAL WOMEN AND GIRLS HIV/AIDS AWARENESS DAY

### National Women and Girls HIV/AIDS Awareness Day

March 10 is National Women and Girls HIV/AIDS Awareness Day, a day to raise awareness about the impact of HIV on women and show support for women with HIV. In 2017, Louisiana had the 4<sup>th</sup> highest HIV diagnosis rate in the United States and the proportion of diagnoses among persons 24 and under was 24% (source: LDH Office of Public Health STD/HIV Program).

#### CDC Recommendation

The CDC recommends that **everyone** between the ages of 13 and 64 get tested for HIV at least once as part of routine health care. For those at higher risk, CDC recommends getting tested at least once a year. <https://www.cdc.gov/hiv/testing/index.html>

#### What You Can Do

- Test patients age 13 and older (see CDC Recommendation above).

- Conduct appropriate risk screenings for adolescent patients.
- Stay up-to-date on screening guidelines.
- Reserve a portion of adolescent visits for one-on-one time with patient, without parent/guardian present. Use this opportunity to discuss risks and prevention.
- Talk with patients about Pre Exposure Prophylaxis (PrEP) when appropriate.

## International Transgender Day of Visibility

March 31<sup>st</sup> is International Transgender Day of Visibility. Transgender and gender expansive youth are at a greater risk for experiencing violence, bullying and depression. They encounter discrimination and lack of acceptance throughout their community, including at home and school.

### According to GLSEN's 2017 School Climate Survey

- **85%** of transgender students were harassed or assaulted at school because of their gender
- **83%** of transgender students felt unsafe at school because of their gender
- **51%** of transgender students were unable to use the name or pronoun that matched their gender
- **59%** of transgender students had been required to use a bathroom that did not match the gender they live every day

In 2020 alone, at least 44 transgender and gender non-conforming people have lost their lives due to anti-transgender violence. The majority of the victims were Black or Latinx ([Human Rights Commission, 2020](#)).

### Supporting Transgender and Gender Expansive Youth

Healthcare providers have unique opportunity to positively impact the lives and futures of transgender and gender expansive youth by fostering a safe, welcoming environment and providing evidence-based, culturally competent care.

**There are a lot of resources out there, but here are a few to get you started:**
