## LSU Pediatrics Announcements

### Department of Pediatrics Sweeps LSU Office of Medical Education's 9th Annual EQUiP Forum!

**Keynote Speaker:** Shubho Sarkar, MD  
*Clinical Informatics: The Data is in the Computer*

**EQUiP Forum Planning Committee, Session Moderator:**  
Shannon Palombo, MD

**Oral Presentation Winner:**  
Peter Joslyn, MD and Staci Olister, MD - Neonatology  
*Implementing a Golden Hour Protocol to Decrease the Rate of Severe Intraventricular Hemorrhage*

**Poster Presentation Winner:**  
Amanda Glinky, MD and Russ Zwiener, MD – Gastroenterology  
*Improving Endoscopy Start Times at Children's Hospital New Orleans*

**Pediatrics Representation:**  
Oral Presentations: 1 (of 5)  
Posters: 7 (of 28)  
Abstracts: 3 (of 15)  
Total: 11 of 49

Pediatrics represented over **20%** of projects accepted to the Forum this year for abstract publication, poster, and oral presentations. Great job from our residents, fellows, and faculty. Keep up the great work!

Oral Presentation Winner Dr. Peter Joslyn, Keynote Speaker Dr. Shubho Sarkar and Poster Presentation Winner Dr. Amanda Glinky

# LSU Department of Pediatrics Residency Graduation Events

*We hope you can join us for the*

## **2020-2021 Resident Graduation, Part 1: Annual Report & Award Announcements\***

Special Grand Rounds

**Friday, June 18<sup>th</sup> 12:00pm-1:00pm**

*State Street Conference Center*

If you aren't able to be there, please be sure to  
join the festivities using the zoom information below.

### **Zoom Option Available:**

Meeting ID: 987 2113 4546

Password: lsupeds20

*\*Lunch will not be provided, so please feel free to grab something and bring it with you.*

## **Vibha Robinson Joins the Administrative Staff**

The administrative staff welcomed Vibha Robinson as Department Coordinator last week. Vibha is a native of New Orleans who spent several years in Washington, D.C. after Hurricane Katrina. She is excited to be back in the city, closer to her family. Vibha graduated

from the University of New Orleans with a Bachelor's degree in communications and a Master's degree in Public Administration. The

department is excited to utilize her numerous years of experience working in the public school system in both New Orleans and D.C. As Department Coordinator, Vibha will serve as an administrative assistant to our Chairman, Vice Chairs and Business Manager. She will also serve as the department receptionist and monitor faculty's time sheet and monthly compliance. Welcome aboard, Vibha!

## Louisiana Childhood Obesity Awareness Day

The Louisiana AAP Committee on Childhood Obesity and Nutrition (co-founded by Dr. Katie Queen and Dr. Marcie Houser) along with Pennington Biomedical Research Center put forth a resolution sponsored by Senator Regina Barrow and Representative Larry Bagley to recognize Louisiana Childhood Obesity Awareness Day on June 7th 2021. Congratulations to Dr. Marcie Houser and the team!

---

## Happy Pride Month!

Every June worldwide Pride celebrations occur showing support of the LGBTQ+ community recognizing the influence of LGBTQ+ advocates on the history of the US. It commemorates the Stonewall Riots of 1969 in New York City that set the stage for a movement promoting equality for ALL.

How can you get involved?

- Watch a documentary or read a book on the history of Gay Rights.
- Add your Pronouns to your email signature and Zoom name, such as she-her-hers or they-them-their.
- Shows your respect of everyone's gender identity.
- More info from ["New guidance aims to promote inclusive."](#)

---

## Gender Neutral Restrooms Created Throughout LSUHSC's Downtown Campus

## Faculty Victorious Over Residents in Annual Quiz Bowl

The Faculty beat out the residents in last week's annual Faculty vs. Resident Quiz Bowl - the department's first live event since the pandemic. The resident team lead the game throughout the match-up until Final Jeopardy. The faculty team answered exactly how long ago the LSU Pediatric Residency Program came into existence (90 years) thanks to Dr. Bonnie Desselle's expertise.

Top left: Resident team members Nikita Lalchandani, Jinnesse Taylor, James Connick, Natalie Derouen, and Katie Procarione pose with chiefs Brandon Fairless and Katie Greer. Top right: Faculty team members included Bonnie Desselle, Colleen LeBlanc, Tom Kimball, Jessica Patrick-Esteve and Will Morgan.

## Thank You, Chief Residents!

After the Quiz Bowl, Residency Program Director Dr. Chelsey Sandlin presented 2020-2021 Chief Residents Dr. Brandon Fairless and Dr. Katie

Greer with their chief chairs, given on behalf of both LSU Pediatrics and Children's Hospital. Speaking for all residents and faculty, Dr. Sandlin thanked the chiefs for a job well done this year. Both Brandon and Katie were constant sources of reliability who demonstrated calm, organized efficiency throughout the year. Thank you, Katie and Brandon, for your hard work during a crazy COVID-filled year! Katie and family will move to Orlando in a few weeks where she will start a new job as a Newborn Nursery Hospitalist. Brandon and his family will head to Houston where he starts his Pediatric Nephrology fellowship at Baylor in July. Best of luck to you both!

## Resident Class of 2021 Spotlight

*Each week, leading up to their final days of training, the residency team will highlight our graduating residents. Please join us in celebrating these excellent pediatricians at the departmental level...give them some shout outs in the hallway over the next few weeks! We thank all of our "almost graduates" for three wonderful years of dedication to their patients, their peers, and to LSU Pediatrics/Children's Hospital. You will do GREAT things, and we will miss you all.*

**Sarah Short, DO**

From: Hartland, MI

College: University of Michigan - I was a music major!

Medical School: Michigan State University

Plans after graduation:

Allergy/Immunology after chief year

Talent: Crafting and creating colorful costumes, playing music (piano, guitar, singing), keeping plants alive, making rad travel itineraries, always forgetting something. I can also move all of my toes independently and can pick up almost anything with my feet. Heh.

Interesting Fact: I used to shoot competitive archery, sang a cappella in college, and can ride a motorcycle.

Advice you wished you'd known during residency. Don't eat ALL the snacks just because they're there. Also, power nap so you can still have fun after work!

Evaluation Highlights: "It has been a pleasure to be a part of Sarah's ongoing maturation as a resident from the time I first worked with her in the Touro NICU to her current work as a senior resident in the Children's NICU. She makes decisions independently when able but is also wise enough to ask for help when necessary. She interacts well with her peers and is respected by the medical students, including taking an active part in their education. She handled some unusual circumstances during the rotation with exemplary professionalism. She is a good choice for our future chief resident."

## Brad Hyman, MD

From: Plantation, FL

College: University of Florida

Medical School: Nova Southeastern COM

Plans after graduation:

Pediatric Nephrology Fellowship

Talent: cooking, procrastinating, annoying my wife

Interesting Facts:

not really pretty white and boring

Advice you wished you'd known during residency: Do not expect to know everything when entering or leaving residency. You will

never feel like you know enough.

Evaluation Highlights: "Dr. Hyman is a solid resident with good clinical skills. One of his finest qualities is that he really takes time with his patients to help educate them."

## Tat Yau, MD

From: Hong Kong

College: Loyola University New Orleans

Medical School: LSUHSC School of Medicine  
New Orleans

Talent: I am good at estimating prices on sales.

Interesting Facts:

My last name means swim and I don't know how to swim

Advice you wished you'd known during residency: Be open to feedback and learn from mistakes.

Evaluation Highlights: "Tat has progressed in his clinical and leadership skills. He works hard to take full ownership of patients and help lead the team to do the same."

## FACULTY DEVELOPMENT

*New video monthly*

### June Video: What is Difficult about Feedback?

Feedback is crucial for our learners. This video (6 minutes) from the University of Michigan directly addresses challenges to Giving Feedback - time, feeling it's subjective, worries about rapport, negative reviews from learners - and provides some concrete ways to overcome these barriers.

<https://www.coursera.org/lecture/clinical-skills/01-03-what-is-difficult-about-feedback-Q32ML>

Please send any suggestions or areas of faculty development need to [acree1@lsuhsc.edu](mailto:acree1@lsuhsc.edu).

Future EPIC Upgrade ([information](#))

**Report your flu-like symptoms**

Please notify Employee Health at 504.962.6270 if you have any flu-like symptoms before reporting to work. Symptoms may include cough, congestion, headache, with or without fever.

## Upcoming Events

### Grand Rounds

*For those who prefer an Outlook Calendar Reminder for Grand Rounds, please click [here](#) for directions that walk you through creating a recurring reminder.*

**Children's Hospital**  
New Orleans  
LCMC Health

## Virtual Pediatric Grand Rounds

Wednesday, June 9, 2021  
Noon-1pm

**Got Gut?:  
Multidisciplinary Approach on Managing Pediatric Short Bowel Syndrome and  
Intestinal Failure.**

LaQuatre R. Rhodes, DO  
Pediatric Gastroenterologist  
Children's Hospital New Orleans

Please join Pediatric Grand Rounds from your computer, tablet or smartphone:

**Zoom link:** <https://lsuhsc.zoom.us/j/99010762984?pwd=bXJKZ3ZhSUFkQzdpajErbDd2Smt4Zz09#success>

**Meeting ID:** 990 1076 2984, Passcode: 018428

**One tap mobile:** +16465588656,,99010762984# US (New York)  
+13017158592,,99010762984# US (Germantown)

Note: This is a live activity. The link is only valid from 12-1:00 pm and the presentation will not be recorded for CME or CEU credit. Please sign in with your full name and credentials in order to receive credit.

Objectives: At the conclusion of this activity, participants should be able to:

1. Discuss the etiology and presentation of patients with short bowel syndrome and intestinal failure.
2. Describe the multidisciplinary approach in managing patients with Short Bowel Syndrome and Intestinal failure.
3. Describe the role, outcomes, and impact of intestinal rehabilitation and knowing when to refer patients to get team involved.

Intended Audience: This activity is specifically directed towards the pediatrician, but it is open to all other interested physicians, residents, medical students and allied health professionals.

CME Statement: Children's Hospital is accredited by the Louisiana State Medical Society to provide continuing medical education for physicians. Children's Hospital designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

CEU Statement: Children's Hospital is approved as a provider of nursing continuing professional development by Louisiana State Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation.
