Class of ----

Clerkship Global Evaluation Form

Instructions:

This evaluation is tied to the educational program objectives and reflects the skills that our students must demonstrate. When evaluating the student in these skills, please consider the timing of the rotation in the academic year.

	Patient Care
1*	Student gathers essential and accurate information about patients through considerate history-taking.
	Does not meet expectation
$\widetilde{\bigcirc}$	Meets expectation
$\tilde{\circ}$	Exceeds expectation
2*	Student gathers essential and accurate information about patients through respectful, hypothesis-driven physical examination.
\bigcirc	Does not meet expectation
	Meets expectation
0	Exceeds expectation
3*	Student recommends and Interprets data to identify patient problems and organize priorities for patient care.
\bigcirc	Does not meet expectation
Ō	Meets expectation
\bigcirc	Exceeds expectation
4*	Student formulates a prioritized problem list and differential diagnosis from the available data, incorporating psychosocial and cultural influences and factors.
\bigcirc	Does not meet expectation
Ŏ	Meets expectation
	Exceeds expectation
5*	Student develops a diagnostic and therapeutic plan for commonly encountered conditions based on clinical data, patient preferences.
\bigcirc	Does not meet expectation
\bigcirc	Meets expectation
\bigcirc	Exceeds expectation

Patient Care Domain		

6*	Overall,	for the	domain	of Patient	Care.	Feedback -	not to	be o	included	in I	MSPE
----	----------	---------	--------	------------	-------	------------	--------	------	----------	------	------

Does not meet expectations - fail	Meets expectations - pass	Sometimes exceeds expectations - high pass	Exceeds expectations - honors
