

A Guide to

BEHAVIORAL HEALTH RESOURCES IN THE GREATER NEW ORLEANS AREA

The City of New Orleans
Mitchell J. Landrieu, Mayor
Dr. Karen DeSalvo, Health Commissioner

A MESSAGE FROM DR. KAREN BOLLINGER DESALVO

Health Commissioner for the City of New Orleans:

In continuing Mayor Mitch Landrieu's legacy of improving the quality of life for the citizens of New Orleans, the Mayor and I are pleased to present this updated **Behavioral Health Resource Guide**. Mental health and substance abuse continue to pose significant public health challenges in our City. While we know we have more work to do to reduce the burden and improve access to resources, we can start with providing information about available services. The original guide was released in January of 2012, and as services change and grow, we want to ensure that community members and providers have access to the most current information available.

This guide provides an updated, comprehensive inventory of all behavioral health resources, including important programs, clinics offered by area providers and organizations from the public and private sector. We have also included resources to assist with access to these services such as information on public funding options, websites with more information and housing and supportive services throughout New Orleans.

This version of the guide includes two important additions. The first is a one-page guide clarifying the process and coverage options on the marketplace of newly available healthcare plans for individuals under the Affordable Care Act. The second is an informational sheet explaining the resources available through the Coordinated System of Care (CSoC) and how to connect to those services. Both of these additions are significant in increasing access to vital services as well as improving the quality of those services.

To develop this guide, the City worked in collaboration with the Substance Abuse and Mental Health Services Administration (SAMHSA) and President Obama's Strong Cities, Strong Communities (SC2) Initiative. We are thankful for their technical guidance and dedication to improving the health and lives of our residents. We were also aided by our local community partners who helped ensure that the guide was accurate and complete.

As a city, we can improve the health of our population, and our aim is to ensure delivery of affordable, quality healthcare services for all residents. We invite you to use this valuable information to help enhance your health knowledge of available behavioral health resources and make informed choices about care for you and your loved ones.

Sincerely,

A handwritten signature in black ink that reads "Karen Desalvo". The signature is fluid and cursive.
