Short Research Experiences in Cancer at LSUHSC for Medical Students
Supported by the National Cancer Institute (NCI)

Purpose: To provide biomedical research experience in the area of oncology at LSUHSC. It is hoped that the experience will encourage participants to consider careers which may ultimately benefit cancer patients and contribute to the eradication of the disease.

Time: Tuesday, May 27 through Friday, July 18, 2008

Eligibility: As of May 28, 2008, applicants must have successfully completed their first year of medical school. Academic credit will not be given for this summer program. Minority students are encouraged to apply.

Deadline: Students desiring to take part in the program are requested to complete and return the application form by Friday, March 21, 2008. A completed application and all supporting documents should be sent to:

Alfredo Lopez-S, MD, PhD
LSUHSC Department of Medicine, Nutrition Section
2020 Gravier Street
7th Floor, Suite D, Box E7-20
New Orleans, LA 70112

Selection: The Cancer Education Committee of LSUHSC Medical School reviews and ranks the applicants. Only those individuals who have completed the application form and sent all supporting documents will be evaluated by the committee. Those students finally selected for the program and those selected as alternates will be interviewed during the month of April. Those not selected for the program will be notified by May 13, 2008.

Participation: Research projects are under the supervision of the Basic Science and Clinical Research Faculty of LSUHSC. Research involving the basic and/or clinical aspects of cancer (I.E. prevention, clinical trials) will be available on a full-time basis. Students are required to attend weekly seminars on cancer-related topics.

Evaluation: At the end of the program, students are required to present an oral and written report of their research experience on July 18, 2008 and are requested to complete an evaluation form about the program and make suggestions for its improvement.

Faculty members are requested to submit a short evaluation of their student's competence.
All evaluations are confidential.

Stipend: The stipend will be $3000 for the program.

Accommodations: Responsibility for accommodations rests solely with each student.

Information: Alfredo Lopez-S, MD, PhD

Reasons for applying to this research program:

____________________________________________________________________________________________________________
I understand that, if selected, written and oral presentations are required at the completion of the summer research program. Also, by submitting the application for this program, I voluntarily agree to provide periodic information that will be used to evaluate the effectiveness of the program. I understand that this information is essential to the continued NCI support of the program as an evaluation criterion. I will make a reasonable effort to keep my contact information current upon request from the program staff.
