

YOUR PATH TO THE BEST TREATMENTS

The number of lung cancer treatments is increasing at a rapid pace. They are becoming more and more personalized. We are here to help you make sense of it all and understand your treatment options.

WWW.LUNGMATCH.ORG

A Lung Cancer Alliance Program.
Saving lives. Advancing research. Empowering people.

HELPING YOU FIND AND UNDERSTAND THE PERSONALIZED TREATMENT OPTIONS THAT ARE RIGHT FOR YOU.

LungMATCH helps you determine your treatment path through:

- **PROFESSIONALLY TRAINED SPECIALISTS** on staff who walk you through the process of finding a clinical trial and answering your questions about available treatments.
- **AN EASY ONLINE PLATFORM** that guides you through the process of identifying the right clinical trials for you.
- **FULL PANEL MOLECULAR TESTING** (for those who need it) with treatment matching based on the results.
- **PERSONALIZED TREATMENT AND TRIAL PACKAGES** detailing the options for you to bring with you to your next doctor's appointment.
- **REGULAR FOLLOW-UP** from our treatment and trials specialists during the entire process.
