Andrew Mann
Association Manager

Cindy Bishop
Director of External Affairs

WELCOME FROM THE LOA PRESIDENT

The Louisiana Orthopaedic Association Board welcomes you to our Annual Meeting in New Orleans. We are excited about the great meeting planned by and for our members from around the state. The Sheraton New Orleans Hotel on world famous Canal Street will host the meeting on February 14-15, 2014. Registration for the meeting, social events and hotel is located in this brochure.

Three distinguished Presidential speakers will be featured in this year's program. Dr. Richard Santore will be discussing hip preservation in young adults. Dr. Mark Vrahas will be discussing trauma management of tibial plateau fractures. Dr. Ken Mathis will discuss rotational errors in knee replacement. These are just a few of the excellent talks we have planned for this year.

Be sure to register soon for the meeting. Also, don't forget that the meeting is scheduled Valentine's Day weekend. This could be a great romantic getaway for you and your spouse. New Orleans, of course, has an amazing culinary selection to impress your Valentine. It's important, however, to make your dinner reservations early. Additionally, with Mardi Gras being just over two weeks from our meeting, the hotel rooms are booking up quickly. Please make sure to secure accommodations early. We have a block of rooms at The Sheraton on Canal Street.

Dr. Steven S. Hale, Program Chair, the Board and I look forward to seeing you at the meeting.

For the third year in a row, we will host a meeting of the American Association of Orthopaedic Executives. This is an exciting session for our business managers that will run concurrently with our meeting on Saturday morning. This is also a great opportunity for the managers to exchange ideas in an educational setting.

The Presidential Reception will be held at the Sheraton with the exhibitors following the Friday program from 5:00-6:00 pm. Light hors d'oeuvres with a selection of beer and wine will be

served. This will allow you to dine out with your friends at your favorite local restaurant.

OBJECTIVES

The purpose and objective of the LOA meeting is to provide a wide perspective on the broad ranges of orthopaedic knowledge and surgical practice, and increase knowledge in the fundamentals of orthopaedic surgery in basic and clinical science and orthopaedic specialty areas in order to implement more effective strategies for the prevention of musculoskeletal disease. The LOA meeting also provides an opportunity to strengthen professional relationships.

The learning experience in this activity will promote education in orthopaedic care, support a forum for discussion of current issues in orthopaedics, provide instructions on procedures related to patient management, patient health, physician performance and outcomes, and provide education and information related to the Maintenance of Certification of the American Board of Orthopaedic Surgery. It also will provide education in advocacy issues related to orthopaedics, promote patient safety, and provide an opportunity to discuss and debate in a case based learning environment.

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of the American Academy of Orthopaedic Surgeons and the Louisiana Orthopaedic Association. The American Academy of Orthopaedic Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

The American Academy of Orthopaedic Surgeons designates this live activity for a maximum of **11.25 AMA PRA Category 1 Credits™**. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

SCIENTIFIC SESSION

THURSDAY, FEBRUARY 13

12:00 pm **LOA Golf Tournament**
English Turn Golf and Country Club, New Orleans

FRIDAY, FEBRUARY 14

7:00 am - 5:00 pm **Registration Open**

7:00 am - 7:30 am **Breakfast with Exhibitors**

7:30 am - 7:55 am **Welcome and First LOA Business Meeting** – Louisiana Orthopaedic Association Members Only
John W. Noble, Jr. MD

Scientific Session – Hip

Moderator: Chad W. Millet, MD
