FACULTY DEVELOPMENT

New video monthly

January Video: Thinking Like a Doctor

How do we teach learners to "Think Like a Doctor"? How do we help learners get from data to diagnosis and treatment? How do we teach Clinical Reasoning Skills? This video (8 minutes) breaks down how experts synthesize information to make medical decisions, and how we can teach our medical students and residents to move past "novice" thinking patterns. Let's kick off 2021 with a renewed commitment to excellence in medical education!
