

- **PEDI 418 – Secondary Acting Internship – NICU**
 - o Student will participate in the care of critically ill neonates in the neonatal intensive care unit for 4 weeks. Students are evaluated by analysis of their performance in patient care, medical documentation, acquisition of technical skills, and their application of clinical and basic science literature pertaining to neonatology. Evaluations are performed by faculty, fellows, and house staff. Rotation will take place in one of two sites, Children’s Hospital of New Orleans or Touro Infirmary.
