

PEDI 418 – PEDIATRICS SECONDARY ACTING INTERNSHIP

Students participate in the care of critically ill patients in one of several rotation options available at Children's Hospital of New Orleans (NICU, PICU, CICU) and Touro Infirmary (NICU). Students are evaluated based on performance in patient care, medical documentation, acquisition of technical skills, and application of clinical and basic science literature pertaining to critical care. Students can also complete a Secondary AI through Pediatric Hospital Medicine and Hematology-Oncology inpatient rotations upon request.
