The most visual part of the New Orleans Review, LSU Pediatrics Radiology Board Review, is now on CD-ROM for better access and convenience. LSU-CME, LSUHSC – Institute of Professional Education, and Louisiana State University School of Medicine have joined together to produce the LSU Pediatrics Radiology Board Review CD-ROM. Seven areas are covered from chest and airways to liver and kidneys, and are available to students, residents, faculty, radiology professionals, and all physicians. The CD-ROM is available in all regions and is included in the Course materials at no additional cost.

The Review is sponsored by the Department of Pediatrics, Louisiana State University School of Medicine. We will conduct sessions Tuesday through Thursday from 7:00-9:00 PM (limited to 40 registrants per session). These sessions are designed to help stimulate audience interactions. Final session assignments will be distributed at the registration desk when you arrive at the conference.

Your registration fee(s) include:

About the New Orleans Pediatrics Board Review™:

It’s a comprehensive no-nonsense course that will prime you for the Boards.
• It’s a streamlined review to rehash and update your diagnostic and therapeutic skills.
• It’s certified by the AAP for your Maintenance of Certification home study.
• It’s strategically timed for optimal Board preparation – experience shows that 8-12 weeks between the Review and the exam is ideal (2009 Boards October 12, 2009).

A maximum of 47 AMA PRA Category 1 Credit(s)™ available.

Each year, we re-evaluate the needs of participants and expand or modify the Review. Over the past twenty-three years we have enhanced our review with:

• Increased number of evening sessions in a small-group, interactive format.
• End-of-course practice examination simulating the Board exam format.
• Text-taking and study techniques reviewed yearly.
• Increased emphasis on case presentations as a teaching tool.
• Daily data identification quiz to improve recognition of testable pediatrics entities.
• “String of Pearls” sessions to re-emphasize key topics.
• Expanded audio listening stations for course to their colleagues.

Target Audience:
American Board of Pediatrics certifiers planning on taking the Boards

The target audience for this activity includes pediatric residents, practicing physicians for re-certifying.

Target Audience:
• Pediatric residents.
• Practicing physicians for re-certifying.

• Apply the practice test-taking skills acquired during the course to their colleagues.
• Expanded audio listening stations for course to their colleagues.
• “String of Pearls” session to re-emphasize key topics.

Program Overview:
This conference is designed to help prepare pediatricians for participation in the American Board of Pediatrics certification examination and to prepare practicing physicians for re-certifying.

“I feel a lot more confident heading into the Boards and feel much more comfortable caring for patients.”

Target Audience:
This target audience for this activity includes pediatric residents, practicing pediatricians (recertification now required), and any health care professionals interested in reviewing pertinent pediatrics concepts and the latest information on recent developments in diagnosis and treatment of conditions seen in everyday pediatric practice.

Learning Objectives:
At the conclusion of this educational activity, the participant should be better able to:
• Demonstrate increased knowledge of general pediatrics.
• Identify areas of weaknesses requiring further study.
• Recognize the format and style of Board questions.

Apply the practice test-taking skills acquired during the course to their colleagues.

98% of past attendees said they would recommend this course to their colleagues.
About the New Orleans Pediatrics Board Review™:
• It’s a comprehensive no-fills course that will prime you for the Boards.
• It’s a streamlined review to refresh and update your diagnostic and therapeutic skills.
• It’s certified by the AAP for your Maintenance of Certification home study.
• It’s strategically timed for optimal Board preparation—experience shows that 3-12 weeks beforehand is the best time.

Program Overview:
This conference is designed to help prepare pediatricians for participation in the American Board of Pediatrics certifying examination.

Each year, we reassess the needs of participants and expand or modify the Review. Over the past twenty-three years we have enhanced our review with:
