

Dr. Eberhard Schmidt-Sommerfeld Memorial Symposium in Pediatric Inflammatory Bowel Diseases

The Astor Crowne Plaza Hotel

Bourbon Street at Canal Street
New Orleans, Louisiana

Friday, October 31, 2008

- Session I** **Chair Paul Hyman, MD**
Chief of Pediatric Gastroenterology
Dept. of Pediatrics, LSU Health Sciences Center, New Orleans, Louisiana
- 8:15-9:00 am** **Breakfast**
- 9:00-9:15 am** **Welcoming remarks: Paul Hyman, MD and Duna Penn, MD**
Professor of Pediatrics and Physiology
Dept. of Pediatrics, LSU Health Sciences Center
New Orleans, Louisiana
- 9:15-10:00 am** **Inflammatory bowel disease: Changing concepts.**
Barbara Kirschner, MD
Professor of Pediatrics
Section of Pediatric Gastroenterology, Hepatology & Nutrition
The University of Chicago Comer Children's Hospital
Chicago, Illinois
- 10:00-10:30 am** **Histopathology of inflammatory bowel disease.**
Randall Craver, MD
Director of Laboratories, Children's Hospital in New Orleans
Professor, Departments of Pathology and Pediatrics
LSU Health Sciences Center, New Orleans, Louisiana
- 10:30-11:00 am** **Crosstalk between the enteric nervous system and the immune system.**
Bonny L. Dickinson, PhD
Assistant Professor
Department of Pediatrics and
The Research Institute for Children at Children's Hospital in New Orleans
LSU Health Sciences Center, New Orleans, Louisiana
- 11:00-11:20 am** **Break**
- 11:20-11:40 am** **The double role of Vitamin D in Crohn's Disease: Control of inflammation versus pathogen growth.**
Solo Kuvibidila, PhD
Associate Professor
Department of Nutritional Sciences
Oklahoma State University
Stillwater, Oklahoma
- 11:40-12 Noon** **Reduced muscle mass and bone size in pediatric patients with inflammatory bowel disease.**
Sibylle Koletzko, MD
Professor of Pediatrics
Div. of Pediatric Gastroenterology & Hepatology
Dr. V. Haunersches Kinderspital of Ludwig Maximilians University
Munich, Germany

- 12:00-12:30 pm Panel Discussion**
Drs. Barbara Kirschner, Randall Craver, Bonny Dickinson, Solo Kuvibidila and Sibylle Koletzko
- 12:30-2:00 pm Lunch**
- Session II** **Chair: Robert Suskind, MD**
Former Founding/Regional Dean
Professor of Pediatrics/Director of International Health
Paul L. Foster School of Medicine
Texas Tech Health Science University
El Paso, Texas
- 2:00-2:40 pm Probiotics in gastrointestinal disease: The promise for the future.**
Emanuel Lebenthal, MD
Professor and Director
International Institute for Pediatric Gastroenterology and Nutrition
Department of Pediatrics
Hadassah-Hebrew University Medical Center
Jerusalem, Israel
- 2:40-3:00 pm A homegrown look at necrotizing enterocolitis: Do bacteria play a role?**
Uma Pisharody, MD
Assistant Professor
Division of Gastroenterology, Hepatology, and Nutrition
Department of Pediatrics
LSU Health Sciences Center, New Orleans, Louisiana
- 3:00-3:20 pm A Progress Report of IBD research from the Pacific Northwest: From the mentorship of Dr. Schmidt-Sommerfeld to the present.**
Zili Zhang, MD
Assistant Professor of Pediatrics
Director of Pediatric Gastrointestinal Immunology Laboratory
Oregon Health & Science University
Portland, Oregon
- 3:20-3:40 pm Functional abdominal pain.**
Eduardo Hebel, MD
Pediatric-Gastroenterologist
Dean, University de La Frontera
Faculty of Medicine
Temuco, Chile
- 3:40-4:00 pm Gastrointestinal norovirus infection associated with exacerbation of inflammatory bowel disease.**
John N. Udall, Jr., MD, PhD
Professor and Chairman
Department of Pediatrics
West Virginia University School of Medicine
Charleston Division
Charleston, West Virginia
- 4:00-4:30 pm Panel Discussion**
Drs. Emanuel Labenthal, Uma Pisharody, Zili Zhang, Eduardo Hebel, and John Udall
- 4:30 pm Adjourn.**

Saturday, November 1, 2008

Session III Moderator: Barbara Kirschner, MD

8:15-9:00 am **Breakfast**

9:00-9:40 am **Gastrointestinal manifestations of primary immunodeficiency diseases.**
Ricardo U. Sorensen, MD
Professor and Chair
Department of Pediatrics
LSU Health Sciences Center, New Orleans, Louisiana

9:40-10:20 am **Effect of IBD on GI motility.**
Paul Hyman, MD

10:20-11:00 am **Early history of infant nutrition research.**
Buford L. Nichols, Jr., MD
Professor of Pediatrics
Baylor College of Medicine
Director Emeritus, CNRC
Houston, Texas

11:00-11:40 am **Nutritional implications of inflammatory bowel disease.**
Robert M. Suskind, MD

11:40-12:00 am **Break**

12:00-12:30 am **Panel**

Clinical Cases

12:30-12:50 pm **Case Report: Ulcerative colitis as a manifestation of graft versus host disease in children after bone marrow transplantation (2 cases).**
Sandra Paipilla Monroy, MD
Professor of Pediatrics
Division of Pediatric Gastroenterology and Nutrition
Hospital Infantil Universitario De San Jose
Clinica de Marly
Bogota, Colombia

12:50-2:20 pm **Lunch**

2:20-2:40 pm **Issues in treating adolescents with IBD.**
Mariastella Serrano, MD
Adjunct Clinical Assistant Professor of Pediatrics
University of Iowa-Carver College of Medicine
Des Moines University, College of Osteopathic Medicine
Blank Children's Hospital
Des Moines, Iowa

2:40-3:00 pm **Non-Alcoholic fatty liver disease in children.**
Reinaldo Garcia-Naviero, MD
Assistant Professor of Pediatric Gastroenterology
Department of Pediatric Gastroenterology, Hepatology and Nutrition
Rainbow Babies and Children's Hospital
Cleveland, Ohio

3:00-3:20 pm IBD and Challenging Cases.
Nelson Spinetti, MD
Pediatric Gastroenterologist
Pediatric Gastroenterology Clinic of South Texas
McAllen, Texas

3:20-3:40 pm Eosinophilic esophagitis in children.
Patrice J. Tyson, MD
Assistant Professor of Pediatric Gastroenterology
Department of Pediatric Gastroenterology, Hepatology, and Nutrition
Rainbow Babies and Children's hospital
Cleveland, Ohio

3:40 pm Adjourn

Intended Audience: This activity is specifically directed toward pediatricians and gastroenterologists, but it is open to all physicians, fellows, residents and other interested medical and para-medical professionals.

OBJECTIVES:

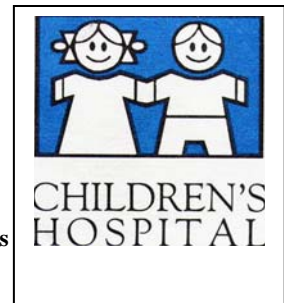

After completion of this two-day symposium, the attendee will be able to:

1. Describe recent advances in Pediatric Gastroenterology.
2. Describe the pathogenesis of inflammation in the gut, including the role of host factors, pathogens and nutrition.
3. Describe the clinical presentation, diagnosis and treatment of inflammatory diseases of the bowel in children.

Sponsored by:

Louisiana State University Health Sciences Center, New Orleans
Children's Hospital, New Orleans

Any questions, please contact Vicki Salloum-Holley at (504) 896-9800 or E-Mail: vsallo@lsuhsc.edu

CME Statement:

Children's Hospital is accredited by the Louisiana State Medical Society to sponsor continuing medical education. This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Louisiana State Medical Society through joint sponsorship of Children's Hospital and Department of Pediatrics, LSUHSC. Children's Hospital designates this educational activity for a maximum of 10.5 AMA PRA Category 1 credits™. Physicians should only claim credit commensurate with the extent of their participation in the activity. Please notify the Children's Hospital CME Office if special accommodations are needed: 504-896-9264

This educational activity is supported by educational grants from TAP Pharmaceutical Products, Inc. and Mead Johnson & Company.

Grants to support the education of Gastroenterology Fellows at LSUHSC are provided by Prometheus Laboratories, Inc. and Nutricia North America.
