

LSUHSC Physiology Fall 2021 Seminar Series Speaker	Seminar Title	Date
E. Dale Abel, MD, PhD Chair, Department of Internal Medicine The University of Iowa	<i>Glucose Metabolism and Heart Failure</i>	August 19
Jing Wu, PhD Instructor of Physiology Medical College of Wisconsin	<i>PPARgamma Downstream Pathways in Salt Sensitive Hypertension: Renal Hemodynamic and Immune Mechanisms</i>	August 26
Lillian Brady, PhD, MS Academic Pathways Postdoctoral Research Fellow Vanderbilt University	<i>Sex Differences in Cholinergic Regulation of Dopamine Release through Nicotinic Receptors mediate Sexually Dimorphic Behavior</i>	September 16
Carrie Elks, PhD Assistant Professor Pennington Biomedical Research Center	<i>Macrophage Cytokines Control Adipose Tissue Mass and Function</i>	September 30
Gregory Stewart, MD Medical Director of the Professional Athlete Care Team Tulane University	<i>Concussions, CTW, & Brain Health</i>	October 7
Meghan Flanigan, PhD Postdoctoral Fellow University of North Carolina School of Medicine	<i>Sex-Specific Regulation of Binge Drinking-Induced Negative Emotional Stress States by Serotonin 5HT2c Receptors</i>	October 14
Susan Burke, PhD Assistant Professor Pennington Biomedical Research Center	<i>Defining the Role of Lipid Metabolism in Pancreatic Islet Beta-Cell Health and Function</i>	October 21
Barbara Juarez, PhD Postdoctoral Fellow University of Washington School of Medicine	<i>Resolving the Complexity of Dopamine-Mediated Behaviors & Activity States</i>	October 28
John Apolzan, PhD Assistant Professor of Research, Clinical Nutrition and Metabolism Pennington Biomedical Research Center	<i>Role of Nutrition and Alcohol on Body Weight and Cardiovascular Health</i>	November 4
Rebecca McCullough, PhD Assistant Professor of Pharmaceutical Sciences University of Colorado Anschutz Medical Campus	<i>Complement and Alcohol: Cause or Consequence of Multi-Organ Damage</i>	November 11
Xiaoqin Wu, PhD Research Associate Department of Inflammation and Immunity Cleveland Clinic	<i>Roles of MLKL in Fatty Liver Disease</i>	December 2
Dasarathy Srinivasan, MD, DM Professor of Medicine Cleveland Clinic	<i>Skeletal Muscle Responses to Ethanol and Other Stressors</i>	December 9
