

Senior Rotation Offerings

2021 - 2022

Class of
2022

Louisiana State University Health Sciences Center

School of Medicine
Office of Student Affairs and Records
2020 Gravier Street
New Orleans, Louisiana 70112

Seniors are expected to complete 8 course requirements:

- **Critical Concepts (MCLIN 400)**

The Critical Concepts rotation provides exposure to critical topics in patient care, procedural skills, medical knowledge, and disease management using a variety of teaching modalities: traditional didactics, patient simulations, on-line interactive modules, quizzes, and direct clinical experience in emergency and ICU settings. This rotation provides every senior medical student, regardless of career choice, with a broad and solid foundation in the principles and skills needed to care for acute and emergency patients. Having completed their core junior rotations, senior students will be challenged to apply their skills and knowledge to more complicated and critical patient care situations. This rotation will also provide senior students with the opportunity to refine and expand their skills in commonly performed procedures and medical interventions. Furthermore, senior students will develop a more sophisticated understanding of their upcoming roles as resident physicians with increased responsibility to individual patients, to health care team, and to the health care system.

- **Primary Acting Internship (419)**

- **Secondary Acting Internship (417 or 418)**

The Primary and Secondary Acting Internship provides senior students with the opportunity to begin functioning as interns. Students will develop additional skills in all areas of core competence. Particular emphasis is given to improving skills of clinical judgment and decision making by giving students more responsibility for patient care than they had in the third year. Students are encouraged to take increasing amounts of responsibility while under the close supervision of staff and faculty. In addition to patient care skills, students will also enhance their communication skills, and develop a better appreciation of systems based practice due to their involvement as a more prominent member of the health care team. Students will continue to increase their medical knowledge and skills of practice-based learning through reading, faculty feedback, and attendance at conferences and didactic sessions.

- **Elective (410, 420 - 499)**

There are a broad number of electives offered to support every students' learning experience. Students must complete 4 elective rotations.

- **Special Topics (SPTP 400)**

This one-week course contains very practical information for seniors as they make final preparations for residency: financial management and loan repayment, malpractice insurance, practice management, legal advice for physicians, end of life care, substance abuse among physicians, etc.

**Seniors are encouraged to plan a curriculum that positions them well for the residency match, but that is also balanced enough to prepare them for internship. Students may take up to 4 rotations in a single discipline (e.g. AI plus 3 electives in the same field), but they must choose a different field for their last elective. If a student wishes to do 5 rotations in a single discipline, he or she must use one of their independent study months.*

**Students have 4 independent study/interview/off rotations to study for USMLE exams, prepare residency applications, interview for residency programs, and to take some vacation time.*

2021 – 2022

L4 Block Dates

Block 1	July 6, 2021 – July 30, 2021
Block 2	August 2, 2021 – August 27, 2021
Block 3	August 30, 2021 – September 24, 2021
Block 4	September 27, 2021 – October 22, 2021
Block 5	October 25, 2021 – November 19, 2021
Block 6	November 22, 2021 – December 17, 2021
Block 7	December 20, 2021 – January 14, 2022 Limited Number of Rotations Offered
Block 8	January 18, 2022 – February 11, 2022
Block 9	February 14, 2022 – March 11, 2022
Block 10	March 14, 2022 – April 8, 2022
Block 11	April 11, 2022 – May 6, 2022
Block 12	May 9, 2022 – May 13, 2022 Special Topics

Please note that although each request has been saved, the rotation request is not submitted until you select, **Submit Requests!** The rotation request will then appear in a **pending** status until the rotation is approved or denied.

Dates	Rotation
Overlapping Requests 7/3/2017 - 7/28/2017	
7/3/2017 - 7/28/2017	ANES 418- Secondary Acting Internship - Lafayette
7/3/2017 - 7/28/2017	ANES 418- Secondary Acting Internship - New Orleans
7/29/2017 - 4/8/2018	Empty Schedule Slot
4/9/2018 - 5/4/2018	MCLIN 400- Critical Concepts - Baton Rouge
5/7/2018 - 5/11/2018	SPTP 400- Special Topics - New Orleans

Submit Requests

During Phase 2 and Phase 3, please allow 1 week for status notifications. For submissions beginning April 26th, please allow 24 – 48 hours to receive the New Innovations' notification status of submitted requests.

FMMD 499- Elective- Family Medicine - Out of System

Pending   View Course Offerings

Family Medicine

To schedule an LSUHSC Family Medicine:

1. Contact one of LSUNO's four residency programs for availability:
 - i. LSU Family Medicine Residency Program at Ochsner Medical Center – Kenner
 - i. Kenner, LA
 - ii. Beth Sutton @ eburro@lsuhsc.edu
 - ii. LSU Rural Family Medicine Residency Program at Our Lady of the Angels Hospital
 - i. Bogalusa, LA
 - ii. Susan Pieno @ spieno@lsuhsc.edu
 - iii. LSU Family Medicine Residency Program at Lake Charles Memorial Hospital
 - i. Lake Charles, LA
 - ii. Monica Dupuis @ mdupuis@lcmh.com
 - iv. LSU Family Medicine Residency Program at University Hospital and Clinics
 - i. Lafayette, LA
 - ii. All requests are submitted via New Innovations for Lafayette.
 - iii. There is no need to reach out to the Lafayette team or Dr. Wiseman for approval.
2. Once you receive site approval, email your request to Dr. Pamela Wiseman @ pwise1@lsuhsc.edu for final departmental approval. Please Include:
 - i. Your Name
 - ii. Block #
 - iii. Course Name and Number (i.e. FMMD 419 Required AI)
 - iv. Location
3. Then forward your confirmation from Dr. Wiseman to Dr. Robin @ krobi2@lsuhsc.edu for approval in New Innovations and Academic Self-Service enrollment.

If for any reason you cancel your rotation, please be sure to inform the residency coordinator at the rotating facility immediately so that your slot can become available to another student.

To schedule all other Family Medicine rotations:

1. Contact the desired location to ensure space and housing, if applicable.
2. Once approval has been received from the desired site, please send Dr. Wiseman an email requesting final approval.
3. Then forward Dr. Wiseman's approval to Dr. Robin in Student Affairs.

Research Rotation – MCLIN 498

Process:

1. Identify a research project and mentor.
2. Complete an Away Rotation/Research form and be sure to attach/insert the summary of your project.
3. Email the Away Rotation/Research form to Dr. Robin (krobi2@lsuhsc.edu) **unsigned** so that proper approval can be established.
4. Submit the request in NI.

Away Rotations

In addition to submitting the required documentation through the VSAS portal, students must also receive approval from the corresponding department at LSU.

Process:

1. After accepting an away rotation, submit the request in New Innovations (NI).
2. Complete an Away Rotation form and be sure to attach/insert the description of the course.
3. Submit the form to the corresponding department at LSUHSC for approval/signature.
4. Submit the signed/approved form to Dr. Robin (krobi2@lsuhsc.edu).

Away Approval Departmental Contact List

Department	Contact	Email Address
Anesthesiology	Ms. Lara Guidry	lguid9@lsuhsc.edu
Dermatology	Ms. Sherilyn Munoz	smunoz@lsuhsc.edu
Emergency Medicine	Dr. Elizabeth Clement	ecleme@lsuhsc.edu
Family Medicine	Dr. Pamela Wiseman	pwise1@lsuhsc.edu
Internal Medicine	Ms. Kelly Rauser	kraus1@lsuhsc.edu
Internal Medicine and Pediatrics (MED-PEDS)	Dr. Betty Lo	blo@lsuhsc.edu
Neurology	Ms. Michelle Snowden	msnow1@lsuhsc.edu
Neurological Surgery	Ms. Roblynn Sliwinski	rsliwi@lsuhsc.edu
Obstetrics/Gynecology	Ms. Kathy Cantrell	kcantr1@lsuhsc.edu
Ophthalmology	Mr. Joshua Butrick	jbutri@lsuhsc.edu
Otorhinolaryngology	Ms. Andrelle Causey	aronde@lsuhsc.edu
Pathology	Dr. Elizabeth Rinker	erinke@lsuhsc.edu
Pediatrics	Dr. Shannon Palombo	sberr1@lsuhsc.edu
Physical Medicine and Rehabilitation	Dr. Randy Roig	rroig@lsuhsc.edu
Psychiatry	Ms. Marcy Punch	mpunc1@lsuhsc.edu
Radiology	Ms. Heather Clary	hclary@lsuhsc.edu
Surgery	Ms. Melanie Collins	mcol17@lsuhsc.edu
Urology	Ms. Linda Arruebarrena	larrue@lsuhsc.edu

How many weeks are in each rotation?

- Each rotation consist of 4 weeks.

What is FLEX?

- FLEX is the designated rotation to schedule an “off” month.

The dates of a 4-week Away Rotation that I am interested in do not coincide with the LSU Block dates.

Can I still apply for that rotation?

- Absolutely. However, you will have to utilize a FLEX month to accommodate the off-sequence Away Rotation.

Should I contact departments to receive approval for my requested rotations?

- Unless noted, we kindly ask that you do not reach out to various department for rotation approval. The office of Students Affairs will work very closely with each department to approve all rotation requests.

After I am approved for a rotation, how do I know where to report?

- Once receiving approval for a requested rotation, all departments will be made aware of student assignments. In the upcoming weeks prior to the rotation, departments will contact all students regarding rotation details.

Do I need to submit anything at the end of my rotation?

- Yes! At the end of each rotation, students should promptly request an evaluation via New Innovations. If you participated in an Out of System rotation, a paper evaluation should be completed.

I am active on a rotation, but the rotation is not listed on New Innovations or Academic Self-Service.

What should I do?

- Please contact the Office of Student Affairs immediately! LSUHSC does not provide medical malpractice coverage for rotations that have not been properly approved.

I was approved for a rotation, but I have decided that I would like to submit a different rotation request.

Am I allowed to change rotations?

- Sure! Just be aware that the sooner requests are submitted, the greater the chances are for approval by the department. Untimely requests are up against capacity limits and credentialing delays. As a general rule, we urge students to submit requests at least 4 weeks before the start of the Block.

What is the difference between a secondary AI and an elective?

- In order for a rotation to satisfy a secondary AI requirement, in general, the rotation includes intensive, inpatient experiences with the emphasis on direct patient care responsibility and placement on call (the requirement of call varies by department). Electives are generally outpatient.

What if my away rotation is only 2 weeks?

Here are a few options:

- Ask the visiting site if they would be willing to extend your rotation to 4 weeks.
- Ask the corresponding department at LSU if they would allow you to complete the remaining weeks at a home site.
- If neither of the above options are available and you interested in completing the course for the experience minus graduation credit, you are free to enroll in MCLIN 499, which is Pass/Fail.

What if I want to do more than 4 rotations in a given specialty?

- Should you wish to complete 5 or more rotations in a single discipline, you will have to use your Flex months.

Who should I contact regarding rotation request, away rotations, and senior evaluations?

- Please contact:
Mrs. Melanie Brown – Visiting Student Application Service (VSAS)
Mrs. Melanie Brown or **Dr. Kourtne Robin** – Senior Evaluations
Dr. Kourtne Robin – Senior Rotation Requests

**Away Rotation and Research Elective
Approval Form**

Student's Name: _____ Today's Date: _____

Type of Rotation: Secondary Acting Internship Elective Research Elective

Course Title: _____

Department: _____ Contact Number: _____

Preceptor: _____

Name of Host Institution: _____

Address: _____

City, State, Zip Code: _____

Length of Rotation: _____ Start Date: _____ End Date: _____
(weeks)

Please insert the rotation description or research abstract below.

LSUHSC Department Head/Clerkship Director's Signature of Approval:

School of Medicine

Student's Name: _____ Evaluator's Name: _____

Course: _____ Location (School/Hospital): _____

Dates of Course: _____ Block: _____

MEDICAL KNOWLEDGE:

1. Knows basic disease processes encountered in the specialty:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

2. Participates regularly in activities that maintain and advance competence:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

PATIENT CARE:

3. Takes a developmentally appropriate and thorough history:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

4. Examines patients as thoroughly as necessary and modifies the exam according to patients' developmental age:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

5. Identifies and prioritizes patients' problems:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

6. Develops a differential diagnosis for patients' symptoms:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

7. Develops appropriate plans for laboratory and radiologic evaluation:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

8. Develops appropriate plans for management:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

9. Identifies and recommends health prevention measures where appropriate:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

10. Provides effective care with respect to patient preferences and cultural beliefs:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

11. Clearly and accurately presents patient findings to team members:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

12. Maintains clear, complete, accurate, timely, and legible written records:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

INTERPERSONAL RELATIONSHIPS AND COMMUNICATION:

13. Consults and takes advice from colleagues when appropriate:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

14. Demonstrates effective communication with patients and families:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

15. Shows empathy and respect to patients and families:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

PRACTICE BASED LEARNING AND IMPROVEMENT:

16. Uses evidence from practice guidelines and scientific studies to develop care plans:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

17. Shows evidence of supplemental reading about patients' diseases:

<u>Consistently exceeds</u> basic expectations	<u>Occasionally exceeds</u> basic expectations	<u>Meets</u> basic expectations	<u>Does not meet</u> basic expectations
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

SYSTEMS BASED PRACTICE:

18. Advocates for safe care and efficient use of resources:

- Meets basic expectations
- Does not meet basic expectations

19. Effectively incorporates the services of non-physician care providers:

- Meets basic expectations
- Does not meet basic expectations

PROFESSIONAL BEHAVIOR:

20. Maintains honesty and integrity in documentation and presentations:

- Meets basic expectations
- Does not meet basic expectations

21. Establishes professional relationships with patients and families:

- Meets basic expectations
- Does not meet basic expectations

22. Reliably fulfills patient care responsibilities without frequent reminders:

- Meets basic expectations
- Does not meet basic expectations

23. Functions as a respectful and helpful team member:

- Meets basic expectations
- Does not meet basic expectations

24. Arrives on time and leaves only when work is done or for didactic sessions:

- Meets basic expectations
- Does not meet basic expectations

25. Seeks feedback and/or responds well to constructive criticism in order to improve performance:

- Meets basic expectations
- Does not meet basic expectations

PROFESSIONAL CAPABILITY:

I would strongly recommend this student as a house officer	I would recommend this student as a house officer	I would be reluctant to recommend this student as a house officer	I would not recommend this student as a house officer
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

OVERALL STUDENT PERFORMANCE:

Required Comments Regarding the Overall Performance of the Student:

Overall Final Grade:

HONORS	HIGH PASS	PASS	FAIL
<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Evaluators Signature: _____ **Date:** _____

In completing this evaluation, I attest that I have no conflict of interest resulting from a personal or familial relationship with the student, or from past medical treatment of the student.

- Yes
- No

MCLIN 498 Research Block Student Evaluation by Research Supervisor

Student Name: _____

Block #/Date: _____

Mentor Name: _____

Date of Evaluation: _____

Select the appropriate phrase (circle scores) that best describe the student's performance.

Data collection and data management

Not observed/applicable	Able to collect data, but needs significant guidance	Collects data independently, but requires assistance with management and critical thinking	Carefully collects and manages data in a reliable and reproducible way	Thoughtful approach toward data collection and management that demonstrates advanced problem-solving, ability to plan ahead, an in-depth grasp of subtleties of data collection and management
0	1	2	3	4

Analytic approach and interpretation

Not observed/applicable	Minimal analytic skills, required significant assistance with interpretation	Independent with simple analyses and beginning to demonstrate thoughtful interpretation	Solid analysis skills, able to perform and interpret more complex analyses	Demonstrates broad understanding of complex analysis plans and the ability to perform complex analyses as well as draw relevant conclusions.
0	1	2	3	4

Evidence-based approach

Not observed/applicable	Very little use of scientific evidence or practices	Performs searches of scientific literature, but requires assistance in putting prior work in context and understanding critiques of prior work	Independent in ability to thoroughly search, interpret and critique prior literature. Often applies findings from prior evidence to current projects.	Demonstrates a broad understanding of prior work and provides thoughtful appraisals of the state of the field. Appropriately utilizes prior evidence in planning and executing research projects.
0	1	2	3	4

Initiative and intellectual curiosity

Not observed/applicable	Does not display initiative and intellectual curiosity	Beginning to ask reasonable scientific questions and demonstrate initiative and independent thinking.	Asks multiple appropriate questions and shows initiative in developing ways to answer them	Demonstrates exceptional initiative, consistently asks thoughtful questions, and describes novel and interesting ways to approach scientific problems
0	1	2	3	4

Presentation Skills

Not observed/applicable	Poor presentation skills	Able to formulate and execute an organized scientific presentation, but requires assistance	Independent in scientific presentation skills and able to clearly communicate research methods and results	Excellent and skillful at presenting all aspects of research project in an organized and logical way, including the ability to answer questions about a presentation
0	1	2	3	4

Writing Skills

Not observed/applicable	Poor writing skills, unable to communicate clearly with writing	Beginning to demonstrate organized scientific writing, but requires assistance with some aspects of this	Independent in ability to clearly communicate research methods and results in writing, requires assistance with discussion, interpretation and impact	Excellent and skillful at all aspects of research-related writing. Independent and appropriate in writing discussion and impact of scientific work.
0	1	2	3	4

Interpersonal communication and teamwork

Not observed/applicable	Fails to construct relationship with mentor or research team	Beginning to form appropriate relationships with mentor and research team	Establishes a collaborative and constructive relationship with mentor and research team	Excels in interpersonal skills and approach to teamwork
0	1	2	3	4

Professionalism

Not observed/applicable	Lacking many professional skills. Questionable integrity and/or dependability	Beginning to demonstrate scientific reliability and integrity. Often in accountable and dependable	Demonstrates appropriate respect, accountability, dependability, and integrity, and conducts research in an ethical manner	Demonstrates a high level of respect, accountability, and integrity, and conducts research in an ethical manner
0	1	2	3	4

Independence

Not observed/applicable	Requires significant assistance with all aspects of scientific project	Sets appropriate goals and demonstrates follow-through, but requires supervision	Sets priorities and develops effective plans and requires little supervision	Displays leadership in planning and implementing scientific projects
0	1	2	3	4
