New Women Physician Leadership Forum - This Friday!

Dr. Bonnie Desselle is leading a new monthly Forum for our Women Faculty. Participants will 1) learn and acquire new skills and attitudes 2) develop peer mentorship/sponsorship 3) network and socialize, improving camaraderie and 4) problem solve group and individual challenges. The overall goal is to increase the number of women physician leaders in healthcare.

Casey Faust of the LCMC HR Organizational Development Office spoke at the first meeting last week and shared how LCMC can support our group initiatives and the specific type of workshops that can be tailored to our needs.

The next meeting's topic is "*Positive Psychology: How Optimism Fuels Success in Work and Life*" and will take place Friday, August 30th at 12:00 pm in 2 Center.

Dr. Desselle has also organized Children's Hospital's Women in Medicine month. See the Upcoming Events section below for information about what is planned for next month.

The Pediatric Residency leadership team attended the regional meeting of the Association of Pediatric Program Directors last week in Memphis. Representatives from the department included Program Director Dr. Chelsey Sandlin, Associate Program Directors Dr. Jay Hescocock, Dr. Suzanne Lefevre, Dr. Christy Mumphrey, Chief Resident Jordan Lim, and Coordinator Kelly Allerton. FACULTY DEVELOPMENT

New video monthly

August Video: *One Minute Preceptor*

The "One Minute Preceptor" is a great technique for teaching all levels of learners in a very quick (1 -3 minutes) way. It works great in diverse clinical settings. This video breaks down the technique with examples. A short investment in the time to watch - 7 minutes - can save you time each day and help us continue to excel in medical education.
