

LSUHSC Physiology Summer 2020 Seminar Series Speaker	Seminar Title	Date
Liz Simon, PhD Associate Professor Department of Physiology LSUHSC New Orleans	Alcohol-Mediated Impaired Glucose Insulin Dynamics in SIV/HIV	May 14, 2020
Christina Bennet, PhD Publications Director, Policy American Physiological Society	Publishing with Integrity and Transparency	May 28, 2020
Sarah Tryon, PhD Postdoctoral fellow University of South Carolina School of Medicine	Cholinergic Modulation of Prelimbic and Thalamic Input to the Basolateral Amygdala	June 4, 2020
Diego Alvarez, MD, PhD Associate Professor and Chair Department of Physiology & Pharmacology Sam Houston State University College of Osteopathic Medicine	Elucidating Non-Canonical Inflammatory Protective Mechanisms to Infection-Induced Stress in Pulmonary Endothelial Cells	June 11, 2020
Stefany Primeaux, PhD Associate Professor Department of Physiology LSUHSC New Orleans	Role of Lingual Fat Sensing on Fat Intake, Fat Preference and Obesity	June 18, 2020
Vasilis Vasiliou, MD, PhD Department Chair and Susan Dwight Bliss Professor Department of Epidemiology and Ophthalmology and Visual Science Yale University	Lipidomic and Metabolic Analyses Reveals Lipids and Bile Acids Changes Indicative of Early Stage Alcohol Induced Liver Damage	July 2, 2020
Jovanny Zabaleta, MS, PhD Associate Professor Department of Pediatrics and Stanley S. Scott Cancer Center LSUHSC Louisiana Cancer Research Center	Genomics, Mutational Load and Immune Genes in African American and Caucasian Individuals with Colorectal Cancer	July 9, 2020
Marlene Wilson, PhD Chair and Professor Department of Pharmacology, Physiology & Neuroscience University of South Carolina	Individual Differences in Fear Extinction: Modeling PTSD-Like Behaviors in Rodents	July 16, 2020
Keisa Mathis, PhD Assistant Professor Department of Physiology and Anatomy University of Texas Health Sciences Scenter	Sex Differences in Autoimmune-Associated Hypertension	July 23, 2020
Kusum Kharbanda, Ph.D. Professor University Nebraska Medical Center	Rescue of Altered Methylation Reaction by Betaine: A Therapeutic Approach for the Treatment of Alcoholic Liver Injury	July 30, 2020
Francesca Peruzzi, PhD Associate Professor Genetics & Cancer Center LSUHSC New Orleans	Epigenetic Memory, Cellular Metabolism, and Immune Dysfunction in HIV+ Individuals on cART	August 6, 2020
Santiago Schnell, DPhil (Oxon), FRSC Interim Chair, Department of Molecular & Integrative Physiology and John A. Jacquez Collegiate Professor of Physiology Professor of Computational Medicine & Bioinformatics University of Michigan Medical School	Gaining Insights into the Proteostasis Networks with Mathematical Models	August 13, 2020
